

Format of Degree Examination for Honours Options May 2007

Option Name	Format	
Marine Microbiology	Answer 2 out of 4 essay questions	
Autonomic Nervous System	Answer 3 out of 5 essay questions	
Cells into Organs	Answer 3 out of 5 essay questions	
Central Approaches in Biochemistry	Answer 1 compulsory question in Section A & 2 out of 4 essay questions in Section B	
Core Skills in Microbiology	Answer 1 compulsory question in Section A & 2 out of 4 essay questions in Section B	
Eukaryotic Genes	Answer 1 compulsory question in Section A & 2 out of 6 essay questions in Section B	
Exercise in Cardiac Disease	Answer 3 out of 4 essay questions	
Integrating Neurobiology and Behaviour	Answer 2 out of 4 essay questions in Section A & 1 compulsory question in Section B	
Marine Ecosystems	Answer 3 out of 5 essay questions	
Muscle & Exercise	Answer 3 out of 8 essay questions	
Tropical Marine Biology	Answer 3 out of 5 essay questions	
Tropical Rainforest Ecology	Answer 3 out of 6 essay questions	
Vision	Answer 2 out of 6 essay questions	

Format of Degree Examination for Honours Options May 2007

Option Name	Format	
Animal Design	Answer 2 out of 4 essay questions in Section A & 2 compulsory questions in Section B	
Business and the Biosciences	Answer 1 compulsory question in Section A & 2 out of 5 essay questions in Section B	
Cell Engineering	Answer 3 out of 6 essay questions	
Cell Signalling and Disease	Answer 3 out of 5 essay questions	
CNS Transmitters and Drug Development	Answer 2 out of 5 essay questions	
Diseases of the Nervous System	Answer 3 out of 6 essay questions	
DNA	Answer 1 compulsory question in Section A & 2 out of 4 essay questions in Section B	
Evolution: Pattern & Process	Answer 3 out of 5 essay questions	
Exercise in Extreme Environments	Answer 3 out of 7 essay questions	
Exercise in Medical Conditions	Answer 3 out of 4 essay questions	
Molecular Approaches to Bacterial Pathogenicity	Answer 3 out of 5 essay questions	
Molecular Immunology	Answer 3 out of 6 essay questions	
Parasites, Disease and Immunity	Answer 3 out of 6 essay questions	
Plant Molecular Biology	Answer 3 out of 6 essay questions	
Respiration	Answer 3 out of 6 essay questions	
Viruses & Diseases	Answer 3 out of 5 essay questions	

Format of Degree Examination for Honours Options May 2007

Option Name	Format	
Advanced Neuroanatomy	Answer 3 out of 5 essay questions	
Behavioural Ecology	Answer 3 out of 6 essay questions	
Biotechnology	Answer 3 out of 6 essay questions	
Cancer: Molecular & Cellular Biology	Answer 1 compulsory question in Section A & 1 out of 3 essay questions in Section B	
Cardiovascular Science	Answer 3 out of 8 essay questions, at least 1 from each of the two sections	
Cellular Microbiology	Answer 3 out of 5 essay questions	
Clinical Applied Anatomy	Answer 3 out of 5 essay questions	
Drug Metabolism & Pharmacokinetics	Answer 3 out of 6 essay questions	
Freshwater Ecology	Answer 3 out of 5 essay questions	
Genes and Development	Answer 3 out of 6 essay questions	
Molecular and Biochemical Parasitology	Answer 1 compulsory question in Section A & 2 out of 4 essay questions in Section B	
Molecular Basis of Disease Processes	Answer 3 out of 6 essay questions	
Molecular Virology	Answer 3 out of 5 essay questions	
Physical Activity, Fitness and Metabolic Health	Answer 3 out of 5 essay questions	
Training, Overtraining & Drugs in Sport	Answer 3 out of 6 essay questions	

Format of Degree Examination for Honours Options May 2007

Option Name	Format	
Applying Ecology - Conservation and Management of Popul	Answer 3 out of 6 essay questions	
Bioethics	Answer 3 out of 5 essay questions	
Chemotherapy, Resistance and Parasite Control	Answer 3 out of 6 essay questions	
Comparative Immunology	Answer 3 out of 6 essay questions	
Control of Transcription	Answer 1 compulsory question in Section A & 1 out of 5 essay questions in Section B	
Factors Affecting Physical Performance	Answer 3 out of 6 essay questions	
Fisheries & Aquaculture	Answer 3 out of 6 essay questions	
Human Molecular Genetics	Answer 1 compulsory question in Section A, 1 compulsory question in Section B & 1 out of 3 essay questions in Section C	
Investigating Biological Functions <i>In vivo</i>	Answer the compulsory questions	
Molecular Biology of Membrane Function	Answer 3 out of 6 essay questions	
Molecular Biology of the Neurone	Answer 3 out of 6 essay questions	
Neuroendocrinology	Answer 3 out of 6 essay questions	
Physical Activity & Public Health	Answer 3 out of 5 essay questions	
Physiology of Motor Control	Answer 3 out of 6 essay questions	
Plant Biotechnology	Answer 3 out of 6 essay questions	
Problems in Mammalian Reproduction	Answer 2 out of 5 essay questions	
Vaccine Development Strategies	Answer 3 out of 5 essay questions
