Conclusions

The Review Panel commends the Department on its constructive engagement with the DPTLA process, its open and reflective approach to the Self Evaluation Report (SER) and the positive attitudes displayed by staff and students in discussions with the Panel during the review visit. A number of recommendations have been made in the body of the report, many of which concern areas that the Department itself highlighted for further development prior to the review or in the SER.

**Glossary of terms/acronyms used**

**Departmental Programmes of Teaching, Learning and Assessment or DPTLA**

The University has a six yearly cycle of review of the departments within it. The DPTLA is one of the main ways by which the University assures itself of the quality of the provision delivered by departments.

**Double Marking/Second Marking**

Double or Second marking describes the process of where assessments are marked a second time and the two marks compared. The purpose is to ensure the marks awarded are fair, reliable and consistent. The second marking may be done ‘blind’ or ‘seen’ and may be done on all of the class’s work or on just a sample. Where the markers agree, the marks are confirmed or verified; where they disagree the marks are moderated or changed either by agreement between the two markers or by a third person.

**Graduate Teaching Assistant or GTAs**

Graduate Teaching Assistants, Tutors and Laboratory Demonstrators are students, usually research students, who assist with teaching in the form of tutorials, labs and other activities that are part of undergraduate programmes in the department. They are paid an hourly rate by the University.

**National Student Survey**

The NSS is a national initiative that has been conducted annually since 2005. The survey asks students in their final year of a programme to provide feedback on their student learning experience. There are 22 questions in all, this can be found at: [http://www.thestudentsurvey.com/](http://www.thestudentsurvey.com/).

**Personal Development Planning or PDP**

Personal Development Planning or PDP is a way to promote reflection on learning, performance and achievements and to plan for personal, educational and career development. Each Faculty at the University offers different types of PDP activities.

**Plagiarism**

Plagiarism is defined as the submission or presentation of work, in any form, which is not one’s own, without acknowledgement of the sources. Special cases of plagiarism can also arise from one student copying another student's work or from inappropriate collaboration.

**Postgraduate Taught or PGT**

Postgraduate Taught refers to taught programmes at postgraduate level, usually Masters.
Self Evaluation Report

A Self Evaluation Report is a document prepared by the Department in advance of a DPTLA Review. Its purpose is to provide the Review Panel with an insight into the Department’s view of itself, its strengths and areas it would wish to develop. It is normally prepared by the Head of Department in conjunction with other staff but students should also be offered the opportunity to comment on whether or not it reflects the Department they know.

Turnitin

Turnitin is a remotely hosted, web based service that compares submitted material, e.g. a student’s essay, with a wide range of sources and produces an originality report. It is intended to be a tool which can support students in their understanding and avoidance of plagiarism and can be used to quickly and efficiently locate sources of material in cases of suspected plagiarism. Turnitin originality reports can be used to highlight to students, with real examples, the exact meaning of the term plagiarism.
