WORLD CHANGERS WELCOME

UNDERGRADUATE PROSPECTUS 2017

VISIT US

While our open days are the best way to find out more about student life, there are plenty of other opportunities to visit our campuses. We offer applicants' visit days and campus tours, plus you can also plan your own visit.

We look forward to welcoming you soon.

YOUR STEPS TO UNIVERSITY

1

Research your options

Choose from around 100 single or 600 joint undergraduate programmes. Check out page 2 for a summary.

2

Experience our Open Day

Visit our inspiring campus and find out more about your subject(s) of interest. See page 1 for dates.

3

Submit an application

Apply to study with us via UCAS (www.ucas.com). See page 34 for deadline dates.

4

Attend Applicants' Visit Day

Come along to Applicants' Visit Day on 31 March to speak to academic and services staff and explore our facilities.

5

Accept your offer

Remember to accept your offer so that we can prepare for your arrival! Check your deadline on UCAS.

6

Apply for accommodation

We have six residences close to campus – see page 18 for details.

7

Results day

Keep an eye on your inbox for your confirmation of a place with us. Fingers crossed!

8

A warm welcome

Settle into university life with a variety of Freshers' Week and Induction events.

9

Work hard, play hard

Glasgow is rated highly for student satisfaction. Plus you can spend a semester or year abroad – see page 28 to find out more.

10

Graduation

After a lot of work and fun, it's time for us to wish you farewell and good luck.

Who will you become?

The Fraser Building is your one-stop-shop for a range of student services including the Student Services Enquiry Team, GP surgery, pharmacy, bookstore and food court

WHY SCOTLAND?

As well as having a world-renowned education system and more world-class universities per head of population than anywhere else in the world, Scotland has lots to offer. With Glasgow as a base, you'll be in the ideal location to explore the length and breadth of the country. From spectacular scenery and adventure sports to breathtaking castles and some of the world's best-loved cultural festivals, there are plenty of attractions to experience.

Neighbouring cities

Glasgow's location in the Central Belt makes it easy to explore Scotland's other cities. Whether you fancy checking out the world's largest arts festival in Edinburgh, uncovering Scotland's finest concentration of historic buildings in Stirling, or even trying to catch sight of the Loch Ness Monster near Inverness, you'll be well placed to tour our beautiful country.

Loch Lomond

Magnificent Loch Lomond is the focal point of Scotland's first national park and is the largest land-locked body of water on the UK mainland. Located just 40 minutes from Glasgow, it's a popular day-trip destination thanks to the various opportunities for water sports, fishing, golf, walking, hiking and camping.

Outdoor activities

If you fancy exploring on foot, there are trails, routes, hill climbs and mountain adventures to suit walkers of all levels. Scotland's iconic Munros (mountains over 3,000 feet) offer many rewarding opportunities to explore some of the most beautiful and remote habitats in Europe.

Culture and architecture

Scotland has a thriving arts and culture scene, from its eclectic range of theatre and dance to its many blockbuster movie locations and captivating art and literary scene.

Architecture fans are spoilt for choice with Scotland's rich legacy of striking and unique

architecture. There are plenty of architectural gems to discover such as castles and Victorian tenements, right up to the cutting-edge designs of today such as the iconic Clyde Auditorium, known locally as 'the Armadillo'.

Beaches

As part of an island, Scotland is surrounded by plenty of beautiful beaches, many of which have won awards from Keep Scotland Beautiful and the world organisation Blue Flag. Whether you decide to take part in watersport activities or just go for a relaxing walk, keep your eyes peeled for marine life in the waters and seabirds flying overhead.

Parks and gardens

Scotland is home to a wide variety of stunning parks and gardens in the cities, countryside and castle grounds. Discover exotic species in one of Scotland's many botanic gardens, enjoy the tranquillity of city parks, stroll in the gardens of ancient castles or wander through beautiful woodland gardens.

Something for everyone

These are just a few examples of what Scotland has to offer. There are a whole host of activities to take part in, from mountain biking and sailing to playing on world-famous golf courses and living it up at Scotland's annual music festival, T in the Park.

Find out more

DISCOVER GLASGOW

With a wealth of cultural attractions, impressive architecture, fantastic shopping and a year-round programme of world-class events, it is easy to understand why Glasgow is firmly established as one of Europe's most exciting destinations. As the UK's third-largest city and one of the world's top student destinations, Glasgow has loads to offer you.

Getting around

It's easy to travel around Glasgow, whether you choose to walk, take the bus or use the subway. Our subway system is the third oldest in the world and is known locally as 'the Clockwork Orange'. It connects our main campus in the West End to the city centre in under 10 minutes.

Shopping

It's no surprise that Glasgow is consistently voted the top place to shop in the UK outside London. The city's huge retail centre has a 'style mile' containing big-name shops like Forever 21 and the Apple Store, as well as designer outlets and quirky vintage boutiques.

Sports

Following our successful hosting of the 2014 Commonwealth Games, our sports facilities have never been better. From the Chris Hoy Velodrome and national football stadium Hampden Park, to an indoor snowboard and ski slope (with real snow) and ice arena, you'll be spoilt for choice.

Parks

If you are looking for somewhere to relax and escape the city buzz, Glasgow has plenty of options. In fact, the city has more green space per head of population than any other European city, with over 90 parks and public gardens. Plenty of options to take your study materials or a good book outside!

Culture

For culture vultures, the city is home to more than 20 world-class museums and art galleries; and is proud to have Europe's largest civic arts collection with works by Dali, Van Gogh, Degas and Monet all available to view free-of-charge in venues around the city.

Eating out

The city's fantastic range of restaurants and cafés reflects its diverse population. Whether you're after an amazing Asian kitchen that's open until 2.30am, a scoop of the creamiest Italian ice cream, or a plate of haggis, neeps and tatties – Scotland's national dish – Glasgow won't disappoint. Many eateries offer student discounts too.

Nightlife

As the UK's first UNESCO City of Music, Glasgow is host to around 130 music events every week. From catching global superstars at the 12,000 capacity SSE Hydro, to local indie bands at legendary King Tut's, Glasgow caters for all music tastes.

Glasgow's nightlife is unrivalled, with the city boasting more than 700 bars, pubs and nightclubs and seven cinemas, including the tallest in the world. There's also an impressive mix of theatres, comedy clubs and even themed cabaret clubs.

Find out more

For more information on Glasgow, check out www.peoplemakeglasgow.com

Glasgow has been named a 2016 must-visit destination by National Geographic.

WEST END LIVING

The University's main campus is nestled within Glasgow's cosy and cultural West End, which is packed full of cafés, bars, vintage boutiques and cultural attractions.

There's plenty of entertainment on offer in the vibrant West End, from the Grosvenor Cinema, which provides big comfy seats for its guests, to Óran Mór, a converted church where you can settle down to enjoy lunchtime theatre known as A Play, a Pie and a Pint.

The West End is overflowing with a range of eateries offering cuisine from around the globe, from Japanese and Indian to Greek and French. A popular choice is the Hanoi Bike Shop, an authentic Vietnamese restaurant hidden in Ruthven Lane. For socialising, the quirky Hillhead Bookclub serves cocktails in gramophones while offering a selection of retro video games, plus you can even challenge your friends to a game of ping-pong.

A must-visit is student-friendly Ashton Lane, a charming cobbled lane full of character which is popular throughout the day and also as a late-night stop, with a great choice of bars and restaurants.

Every June, the West End is home to Glasgow's largest cultural event, the West End Festival. Over the festival's three weeks, you can take your pick from 400 events ranging from music and theatre,

to walks, talks and community galas. The festival parade is undoubtedly the biggest highlight of the festival, last year seeing 80,000 people turn out to watch the procession with over 300 participants.

Perfect for a welcome study break, the West End offers plenty of green spaces, such as Kelvingrove Park and the Botanic Gardens. Located just a short walk from the main campus, the Botanic Gardens provide a tranquil blend of formal gardens and woodland walks, as well as the beautiful Kibble Palace glasshouse. Kelvingrove Park is a classic Victorian park by the River Kelvin, offering sporting facilities including bowling greens, tennis courts and a skateboard park. Furthermore, the park now boasts the 2,500-capacity Kelvingrove Bandstand and Amphitheatre, which is host to a variety of open air events including live music and dance, theatre and spoken word recitals.

The West End is also home to one of the most visited museums in the United Kingdom outside of London, Kelvingrove Art Gallery and Museum. The museum has 22 themed galleries displaying over 8,000 objects and entry is completely free.

The West End is home to a vast array of vintage boutiques and independent stores

OUR GARSCUBE & DUMFRIES CAMPUSES

As well as our main campus at Gilmorehill in the city's bustling West End, we have teaching and research facilities at two other locations.

Garscube Campus

Across 80 hectares at the northwest boundary of the city lies our beautiful Garscube estate, just four miles from the University's Gilmorehill campus.

Home to the School of Veterinary Medicine, the Institute of Cancer Sciences and the MRC Centre for Virus Research, the campus also has a range of indoor and outdoor sports facilities, onsite parking and excellent public transport links. The sports complex is popular with the University's outdoor sports teams, with six grass pitches, two all-weather synthetic pitches, gym, tennis courts, cricket oval, exercise studio and 5km of walking and jogging routes around the grounds.

School of Veterinary Medicine

With over 150 years of veterinary excellence, the School of Veterinary Medicine is pre-eminent in teaching, research and clinical provision, and attracts students, researchers and clinicians from around the world.

- Our research places us amongst the world leaders in global animal health
- Accredited status from the American Veterinary Medical Association
- Top amongst UK veterinary schools for research quality

Some of the facilities within our internationally accredited school include:

- the award-winning Small Animal Hospital – Scotland's only animal hospital with magnetic resonance imaging, alongside computed tomography and radiotherapy all under one roof
- the Weipers Centre for Equine Welfare, which offers services for anaesthesia, diagnostic imaging, lameness therapy, equine surgery and physiotherapy
- the Scottish Centre for Production, Animal Health and Food Safety, which offers diagnostic imaging, fertility assessments and surgical procedures.

For more information on the School of Veterinary Medicine, visit www.glasgow.ac.uk/schools/vet

Institute of Cancer Sciences

The Institute of Cancer Sciences is part of a national centre of excellence in the fight against cancer. The institute carries out a programme of world-class science directed at understanding the molecular changes that cause cancer. It boasts one of the largest centres for cancer trials in the UK and is working to translate scientific discoveries into new drugs or diagnostic

and prognostic tools that benefit cancer patients, taking new therapies through pre-clinical and clinical trials. The Institute of Cancer Sciences is a major component of the Cancer Research UK West of Scotland Cancer Centre and is a partner with the Beatson Institute for Cancer Research (BICR), which together form the core of cancer research in Glasgow.

MRC-University of Glasgow Centre for Virus Research

The MRC-University of Glasgow Centre for Virus Research (CVR) was established in 2010 and represents the UK's largest grouping of human and veterinary virologists. The centre carries out multidisciplinary research on viruses and viral diseases of humans and animals, translating the knowledge gained for the improvement of health. Research covers emerging viruses including arboviruses, innate and intrinsic immunity to virus infection, hepatitis C virus, viruses and cancer, structural virology, viral genomics and bioinformatics.

Crichton Estate, Dumfries campus

Dumfries Campus

Our School of Interdisciplinary Studies is based in Dumfries, where you can join a friendly student community in the beautiful countryside of the south-west of Scotland.

Subjects you can study on this campus are:

- Environmental Science & Sustainability
- Health & Social Policy
- Primary Education with Teaching Qualification

Excellent facilities

Your classes will be taught in the traditional red sandstone buildings of the Crichton Estate, set in stunning parkland. We place great importance on practical study.

Our new facilities include a simulated primary school classroom, an outdoor teaching garden for environmental students and gym facilities. You'll have access to both the Crichton Library and our extensive library in Glasgow, including a wealth of online resources and dedicated subject librarians.

We have three self-catering halls of residence in Dumfries and the cost of living is very reasonable. Students can also access the on-site restaurant, bar, swimming pool and spa, Neuros, at a great student membership rate.

Practical, hands-on learning

All students in Dumfries have the opportunity to undertake work experience placements. Many courses include extensive fieldwork and site visits, making the most of the abundant resources on our doorstep and our excellent network of partner organisations. We have extensive study abroad links and you could also pursue international work experience.

Innovative teaching

In Dumfries we specialise in interdisciplinary learning. Because we are a relatively small campus you'll get to know your lecturers personally and be able to get your ideas across, build your confidence and advance your critical thinking. We teach you how your subjects relate to each other and to the wider world.

All students can use our virtual learning environment, sharing course content and collaborating with staff and classmates online.

About the town

Located approximately 90 minutes south of Glasgow and less than an hour from Carlisle, Dumfries is set in magnificent countryside with all the charm and vibrancy of a small university town. It's a friendly place where you'll settle in quickly, becoming part of the University and the local community.

There is an active Students' Association and popular activities include rowing, mountain biking, horse riding and sailing. Alternatively, if you're looking for culture, you'll find an impressive arts and live music scene. The region is steeped in literary history and hosts an impressive range of festivals and sporting events.

To find out more, visit www.glasgow.ac.uk/dumfries

Award-winning Small Animal Hospital, Garscube campus

YOUR GLASGOW HOME

Living in residences is a great way to make new friends and settle in quickly to university life. The accommodation office is here to help you find a suitable place to live and, providing you've applied for residence and met the conditions of your offer of study before 22 August, we can guarantee a place in our university residences.

Am I eligible?

Most new full-time students studying for a degree, including international students, are guaranteed accommodation (subject to our admissions policy), see www.glasgow.ac.uk/accommodation

How much does it cost?

Fees range from around £3,520 for a shared room in a self-catered residence or £5,360 for a single en-suite room in a self-catered residence, to around £6,950 for an en-suite single bedroom in catered accommodation for a 39-week contract.

See up-to-date prices for all our residences at www.glasgow.ac.uk/undergraduate/accommodation/fees

What kinds of residences are available?

We have six student residences for undergraduate students, in convenient locations within walking distance of our main campus. Benefits include:

- trained pastoral staff living on-site
- group insurance cover for your belongings
- automatic membership of the University's sport and recreation facilities
- 24/7 internet access incorporating wi-fi in all bedrooms
- managed on-site coin-operated laundries

You can compare the facilities online at www.glasgow.ac.uk/undergraduate/accommodation

Frequently asked questions

To find out the answers to your questions, from when you can apply and move in, to sharing with friends, when to pay and other special requests, visit www.glasgow.ac.uk/accommodation/faqs

Tel: +44 (0)141 330 4743
Email: accom@glasgow.ac.uk

Private Accommodation Viewing Service (PAVS)

If you are looking for private rented accommodation for the next academic year and are unable to view the accommodation yourself, the Students' Representative Council (SRC) can be of assistance with their new viewing service.

The Private Accommodation Viewing Service (PAVS)* involves trained volunteers viewing properties on your behalf and completing a checklist which is then emailed to you so you can make a more informed decision about whether to go ahead with renting the property. We can also check landlord registration/HMO licensing and tenancy agreements if required. Full details of the service are available at www.glasgowstudent.net/advice/accommodation/pavs
Find further information on sourcing private accommodation by visiting www.glasgowstudent.net/advice/accommodation

Sgeama Còmhnaidh nan Oileanach

A bheil Gàidhlig agad? An còrdadh e riut fuireach còmhla ri daoine eile aig a bheil Gàidhlig? Tha sinn a' toirt cothrom do dh'oileanaich aig a bheil Gàidhlig, fuireach ann am flat ri chèile airson na bliadhna acadaimigich. 'S e cothrom air leth a tha seo do luchd-labhairt na Gàidhlig a bhith stèidhichte ann an àrainneachd Ghàidhlig fad bliadhna air àrainn an Oilthighe.

Gaelic Language Residency Scheme

Do you speak Gaelic? Would you like to live on-campus with other Gaelic speakers? Sgeama Còmhnaidh nan Oileanach is a unique residency scheme offering Gaelic-speaking students the opportunity to live together on-campus in a Gaelic environment for the academic year.

For more information, contact:
fiona.dunn@glasgow.ac.uk
www.taighnagaidhlig.org

* This service is primarily available for international students but we will consider requests from UK students whose circumstances prevent them from viewing properties themselves, depending on levels of demand for the service.

GET AHEAD OF THE GAME

Whether you're a world-class athlete or new to exercise, we have the facilities and expertise to keep you motivated. What else would you expect from the host city of the 2014 Commonwealth Games?

Sport for fun

From the serious to the social side of sport, we love it all at Glasgow. We have over 15,000 members of our sports facilities and approximately 4,000 students participate in our 51 different sports clubs. With so many activities to try out and plenty of post-exertion socialising opportunities available, you can get fit and have fun at the same time.

Sport for the great outdoors

If you like some fresh air in your fitness regime then you're in the right place. Clubs such as the Hares and Hounds offer road, cross-country and hill-training runs for all standards, or you could tackle some of Scotland's fantastic mountain trails with the cycling club. You could even find yourself skydiving, surfing, snowboarding or potholing in Scotland and beyond.

Sport for fitness

Our two purpose-built facilities are open seven days a week, early until late.

Facilities include:

- A six-lane, 25m heated swimming pool
- Sauna and steam room
- Squash courts
- Pulse – cardio and resistance gym
- PowerPlay – weights, conditioning and functional training gym
- Sports hall with Fanzone (the home of indoor sport)
- Activity hall
- Studios
- Six grass and two all-weather synthetic pitches
- Cricket oval
- Tennis courts

Sport for team players

With excellent facilities for team sports at the University's Garscube Sports Complex (the home of outdoor sport) and a number of friendly clubs open to new members, you could find yourself enjoying, among others: American football, basketball, rowing, cricket, curling, football, golf, hockey, netball, rugby and volleyball.

Our athletes and teams compete against the best in the UK with great success.

Support for talented athletes

If you're a talented athlete, we offer academic flexibility and a range of services to support you, as well as sports bursaries and scholarships. For further details, see www.glasgow.ac.uk/sport/support/scholarships

Investing in the future

We've spent £10m extending our current sporting facilities (which opened in October 2015) and are now developing phase two, which will see the refurbishment of other areas to include additional studio space for martial arts, exercise classes, cycle studio and treatment rooms.

LIFE BEYOND THE BOOKS

Becoming a member of our University unions, council, clubs or media can be a great way to discover what you're good at, pursue your passions, meet like-minded people and boost your employability.

Choose from two unions

Glasgow University Union (GUU) has everything a student needs within the stunning old Union building and purpose-built extension nightclub, with no fewer than nine bars, two libraries, a debating chamber, snooker and pool hall, convenience store and coffee shop serving Starbucks Coffee.

The GUU runs weekly games and entertainment, and is the most successful debating institution in the world, with five World University Debating Championships to its name. Following an extensive renovation of the Union's facilities, GUU now has entertainment facilities fitted out to rival the major nightclubs in Europe. For more information, see www.guu.co.uk

Queen Margaret Union was 125 years old in 2015. It hosts new music, local bands, big name acts, student-run club nights and a variety of events from quizzes to open mic nights and a monthly poetry night 'Aloud'. It's a welcoming and inclusive space well known for charity fundraising and campaigning on campus. It also provides space for clubs and societies to meet and now houses the University's eco hub. For more information, visit www.qmunion.org.uk

Find your voice with student media

The University's student media has a fantastic reputation. You can join teams that produce:

- **Glasgow University Guardian:** the University's official student newspaper. Whether it be news reporting, cultural

reviews, in-depth features or match reports, the paper offers readers and writers an opportunity to find out more about what happens on campus. The paper runs regular workshops which cover everything from how to source news, how to write news stories, and good journalistic practice.

- **Glasgow University Magazine (GUM):** a high-quality student magazine with in-depth articles that cover current socio-cultural issues. It is released quarterly and showcases the creative talent at the University. GUM offers you the opportunity to network with like-minded people and gain valuable experience in media and journalism.
- **Subcity:** broadcasting from Glasgow to the world. Subcity Radio is managed by a team of around 50 individuals and relies on the contributions of nearly 200 presenters. Attracting tens of thousands of listeners, the station provides a platform to creative individuals within the university community and beyond, while also hosting events at Glasgow's top venues.
- **Glasgow University Student Television (GUST):** produces award-winning creative, factual and live content throughout the year that is broadcast online at gust.tv. GUST has access to an on-campus studio and its own equipment and software, allowing students to gain practical video production experience in areas including: camera, sound, presenting, editing, live broadcasting, animation, directing and much more.

Make yourself heard

Our Students' Representative Council (SRC) voices your opinions to the decision makers by campaigning and sitting on all the major University committees. It's run by students for students and each year you can vote for the candidates you want to represent you, or stand for office yourself. Find out more at www.glasgowstudent.net

Discover new hobbies

Glasgow's student clubs and societies provide a great way to learn new skills and make friends:

- more than 250 clubs and societies, from Capoeira dancing to TEDx to Physics
- volunteering opportunities including volunteering abroad

Explore the possibilities at www.glasgowstudent.net/clubs

Make some music

Do you sing, compose or play an instrument? Glasgow is the UK's first UNESCO City of Music, and our students and staff run a wide range of music groups that you can join. If you love to listen, you'll enjoy our range of public performances, including the popular Thursday lunchtime concerts.

www.glasgow.ac.uk/musicintheuniversity

SUPPORT ALONG THE WAY

We're committed to connecting you with the right resources, from dedicated teaching staff to an excellent library with long opening hours. At Glasgow, we spend millions on our equipment and academic support services to create a world-class environment where you can feel inspired.

Library

Open daily from 7.15am to 2.00am with online access 24/7, the University Library is here when you need it.

- 12 wi-fi-enabled floors
- Comfortable individual and group study spaces and hundreds of PCs
- 2.5 million books and journals
- More than 58,000 electronic journals and over 800,000 electronic books
- Library café and social learning space

www.glasgow.ac.uk/library

Wi-fi and IT access

We provide computer clusters across campus and wireless network access in most public areas.

- IT helpdesk in the library to help with any IT problems
- More than 500 wi-fi hotspots across campus

www.glasgow.ac.uk/it/forstudents

Contact with experts

To help you develop the ability to direct your own learning, you may experience a range of types of teaching contact:

- Large sessions led by lecturers provide a foundation for knowledge
- Small-group tutorials with students and a tutor offer in-depth analysis
- Larger-group seminars allow intensive discussions and student presentations
- Hands-on practical or laboratory sessions develop subject-related skills

Improve your academic skills

Advisers in the Student Learning Service and the Writing Centre can help you develop your academic skills.

- All students are welcome at our workshops
- One-to-one consultations are available to discuss strategies for successful study
- College-specific guidance is offered on essay writing, exam preparation, dissertations and research
- Specialised guidance is given for first-year undergraduate mathematics and statistics courses

www.glasgow.ac.uk/sls

Help when you need it

Our Student Services Enquiry Team is here to help you make the most of your time at Glasgow, from Council Tax queries to advice on support services available to you. We can offer assistance with:

- Your student record
- Appointments and access to student support services
- Guidance on services available to you
- A place to visit if you're not sure who can help

For a full list of all our student services, see www.glasgow.ac.uk/students

Ask a Student

Contact our Ask a Student service to be put in touch with current students who provide impartial information on student life at Glasgow. Send in your questions at www.glasgow.ac.uk/askastudent

Alexandru, Romanian,
studies Electronics & Electrical Engineering

@alexandru 

The library is huge and the extended opening hours of 19 hours per day allow you to pop in to study whenever suits you best.

YOUR FUTURE

We want you to be a success, both now and in the future. From the moment you arrive at Glasgow, we can help you to enhance your CV, build your experience, and meet with potential employers.

Our Careers Service

We take your career seriously, so we work to incorporate the qualities and abilities that employers want into your experience at university, whether you're studying, volunteering, playing sport or gaining work experience.

- One-to-one careers guidance from professionally trained advisers
- Access to thousands of jobs and internships
- Opportunities to meet with employers for work experience, internships and jobs
- Training and coaching in job-hunting techniques
- Help to build your CV and complete job applications
- Information and advice about postgraduate study including PhDs

Internships

The Careers Service manages The Internship Hub which is exclusively for our students.

- Access to more than 350 internship opportunities in a wide range of sectors
- Internships are both paid and voluntary, both in term time and over the summer vacation
- Internships are structured and supported to help you develop skills that are useful when applying for graduate jobs

Opportunities to meet with employers

Each year we host hundreds of employers on campus who want to meet with you at:

- The Careers Fair
- The Engineering and Technology Fair
- The Internship Fair
- The Banking, Finance and Consultancy Fair
- The Science Fair
- The Charity and Volunteering Fair
- Scores of employer presentations to guide your job applications
- My Career Week: a week-long series of events to help your job search

Contact Alumni to support your career

The Network is our exclusive online networking site for students and alumni. You can gain advice and mentoring opportunities from our alumni in 180 countries throughout the world.

SEE THE WORLD

Looking for an inspiring, confidence-boosting and even life-changing experience? Our long-established Study Abroad programme can offer you exciting opportunities. From Europe and the USA, to Asia and Australia, the world is yours to explore.

The benefits

Many Glasgow students complete part of their degree in another country. Courses taken overseas through one of our approved exchange programmes form part of your degree without adding an extra year or semester, and there are many additional benefits:

- Gain a new perspective on your studies
- Develop a more international outlook
- Travel to new and amazing places
- Make friends from all over the world
- Enhance your CV and develop skills that will make you stand out
- Receive support and recognition through the programme
- No additional tuition fees at the overseas university

Study abroad for a few weeks, up to a year

You can choose from over 180 destinations across the globe. We have over 120 partners across Europe and more than 50 international partners in Argentina, Australia, Azerbaijan, Brazil, Canada, Chile, China, Hong Kong, Japan, Korea, Malaysia, Mexico, New Zealand, Singapore, South Africa and the USA.

Where and when you can go depends on the subject you study but it is possible to go abroad with most degree programmes. Most students who study abroad do so in their third year of study.

You don't need to speak a foreign language, as a lot of our partners teach in English. You can, however, take free language courses here to prepare for your time abroad and you can continue learning the language throughout your placement abroad.

Our study exchange programme is usually for a semester or a full year, but we offer new short-term mobility opportunities such as summer schools abroad and other international activities via our network of partners.

Work abroad as part of your degree

Some degree programmes support work placements, which can take place in any company or institution abroad. Speak to your adviser of studies to find out more information about work placements as part of your degree.

Funding

You are registered at the University of Glasgow throughout your time abroad, so there is no additional tuition fee at the overseas partner.

If you choose a European destination, the Erasmus+ Programme can provide a financial contribution towards travel and living costs during your time abroad from 2 to 12 months. The Erasmus+ programme is funded by the European Union and supports students who wish to study or work in another country in Europe as part of their degree programme.

A range of scholarships is also available for non-European destinations and short-term placements.

Students with a disability

We welcome applications from students with a disability and work with colleagues from the Disability Service to prepare and support disabled students for study abroad. Students going to Europe through Erasmus+ can also receive funding to help with additional support costs while abroad.

Find out more

For more information on current partners, first-hand accounts of previous exchange students' experiences and the University's Study Abroad Fair see www.glasgow.ac.uk/studyabroad

Piotr studied abroad at Queensland University of Technology in Brisbane, Australia

Zahra studied abroad at the University of California in the USA

Katherine studied abroad at the Universitat Pompeu Fabra in Barcelona, Spain

Laurynas studied abroad at Nanyang Technological University in Singapore

Amy studied abroad at Pontificia Universidad Catolica De Chile in Santiago, Chile

John studied abroad at the University of British Columbia in Vancouver, Canada

WELCOMING THE WORLD

No matter how far you travel to join us, we'll help you to feel at home. Glaswegians are famed for their friendliness and we have a range of specialist staff dedicated to your needs. From before you begin your journey to Glasgow, we work hard to make sure that when you arrive, you'll have the best experience possible.

Meet us in your own country

Members of our International Recruitment team travel throughout the world to attend exhibitions, offer information sessions and interview candidates. We also have staff based in America, China, India, Nigeria and Singapore, who are there to assist international applicants. To find out where we will be visiting and for contact details of our in-country resident staff, see www.glasgow.ac.uk/international

Need advice now?

Contact the International Office,
Tel: +44 (0)141 330 6062

Visit: www.glasgow.ac.uk/international

Before you arrive

As you plan and prepare for your journey to Glasgow, our International Student Support team can give you advice on any concerns you have, including:

- immigration
- employment
- finance

See www.glasgow.ac.uk/international/support or email: internationalstudent.support@glasgow.ac.uk

Find out more

Our International Student Handbook is full of useful facts which will help you both before and after your arrival in Glasgow. To download a copy, see www.glasgow.ac.uk/international/support/before/handbook. You can also find our Pre-departure Checklist and more at www.glasgow.ac.uk/international/support/before

Improving competence in English

Before you are admitted to the University, we require you to show competence in English. We set a minimum English language proficiency level and accept qualifications from around the world:

- IELTS 6.5 (with no sub-test less than 6)
- iBTTOEFL: 92; no sub-test less than 20
- CAE (Cambridge Certificate of Advanced English): 176 overall: no sub-test less than 169
- CPE (Cambridge Certificate of Proficiency in English): 176 overall: no sub-test less than 169
- PTE Academic (Pearson Test of English, Academic test): 60; no sub-test less than 59
- IGCSE: English language: B minimum

We provide courses to help you reach a proficiency level equivalent to the required IELTS score through our English for Academic Study (EAS) Unit.

Pre-session courses can last from 5 to 40 weeks depending on your entry level. These courses have a strong study skills component and focus on academic English to help you adapt to the style of learning and teaching at the University. You can find out more information at www.glasgow.ac.uk/eas

If you'd like additional English language tuition once you've started your academic course, we also provide part-time language support classes, which are free of charge if you pay the full international student fee.

International Summer School

You can also apply to join our International Summer School, which offers a variety of courses from medical sciences through to Scottish history, combined with a lively Scottish social and cultural programme. For more information, visit www.glasgow.ac.uk/international/internationalsummerschool

Other routes to Glasgow

We partner with a range of institutions that can offer you alternative ways to study with us, whether in your own country, or in preparation for beginning your undergraduate degree at Glasgow.

Glasgow International College

If you're an international student but not quite ready to study at Glasgow, our partner institution, Glasgow International College, can help you to achieve the required standards for admission to the University. If you successfully complete a foundation programme at the required level, you can progress to the second year of a degree programme in business, engineering, science and social sciences, see www.glasgow.ac.uk/gic

Glasgow in Singapore

If you are a graduate with good grades from one of the polytechnics in Singapore, you may wish to study for a range of our BEng (Hons) and BSc (Hons) programmes, which we offer in Singapore in partnership with the Singapore Institute of Technology. A feature of the programmes is a four-week visit to Glasgow in order to undertake a design project and be introduced to Scottish culture. See www.glasgow.ac.uk/singapore for more information.

Glasgow in China

We have a number of well-established partnerships across China. In partnership with the University of Electronic Science & Technology of China we offer a four-year BEng degree programme in Electronics & Electrical Engineering. We also provide a range of opportunities for students from our partners wishing to study abroad at the University of Glasgow as a part of their undergraduate degree in 2+2, 2+3, 3+1, 3+2 and 4+1 formats. Please contact the International Office for more information: student.recruitment@glasgow.ac.uk

Once you are here

Our range of services and social events have been designed to help you immerse yourself in Scotland's culture and enjoy your time at university.

Our International Student Support team provide a dedicated advisory service for international students. We can help you with non-academic and welfare matters. During the first few days of specified arrival periods in September and January, we set up a Welcome Desk on campus where you can go with any questions or concerns.

Orientation

Our orientation programmes help you to feel at home from the moment you arrive.

They run in September and January and provide information on general welfare, immigration, health, employment regulations, finance and other non-academic matters, as well as opportunities to socialise and visit the local area.

If you are arriving in September, our Welcome Team can meet you at Glasgow Airport and provide transport. More information and online registration for this service and for orientation is available on our website in the weeks before your arrival: www.glasgow.ac.uk/international/support

CHOOSING YOUR DEGREE

Glasgow is one of the world's top universities, which means we can offer you a world-class degree. And with a fantastic range of subjects, you should be able to find a degree programme that matches your interests. The subject(s) you choose will determine the type of degree programme you will take and how long you will study for.

The main undergraduate degrees awarded at Glasgow are as follows:

Professional degree programmes

- Bachelor of Accountancy (BAcc)
- Bachelor of Dental Surgery (BDS)
- Bachelor of Divinity (BD)
- Bachelor of Engineering (BEng)
- Bachelor of Laws (LLB)
- Bachelor of Medicine, Bachelor of Surgery (MBCChB)
- Bachelor of Music (BMus)
- Bachelor of Nursing (BN)
- Bachelor of Technological Education (BTechEd)
- Bachelor of Veterinary Medicine & Surgery (BVMS)
- Master of Education (MEduc)
- Master of Engineering (MEng)

Flexible degree programmes

- Bachelor of Science (BSc)
- Master of Arts (MA)*
- Master of Arts (MA) (Social Sciences)*
- Master in Science (MSci)

Professional degree programmes

These degrees follow a set curriculum to meet the requirements of the relevant professional organisation so that you're fully prepared to enter your chosen profession after you graduate. They are usually completed in four or five years. See the individual subject pages for more information.

Flexible degree programmes

If you apply to these degree programmes, you'll be offered a flexible degree structure which means you are not committed to a completely prescribed selection of subjects from the outset of your degree. These degrees normally take four years to complete. Degrees which involve a modern language take five years to complete because they include a language year abroad.

The table opposite illustrates the level of flexibility and decisions that you must make prior to being admitted to, and during your time at, the University.

Progression to Honours Level

Being admitted on a particular UCAS code does not mean that you will automatically progress to Honours level in that subject or subjects. In most cases, a decision will be made at the end of the second (or sometimes third) year about whether you will be permitted to progress to Honours level. Decisions about progression will be based on your academic performance during your first two years at the University. The entry threshold to Honours varies by School/College and may change on a year-to-year basis.

Changing your degree

The flexible degree structure gives you a degree of choice in the additional subjects that you can study when you arrive at University, without requiring you to make decisions in advance (at point of application). Studying a variety of additional

subjects gives you greater flexibility in what you ultimately graduate in. While the general degrees are flexible, there are some restrictions in terms of class sizes and timetabling that may limit your ability to change from the subject(s) selected on your UCAS form, once you arrive and register at the University.

Advanced entry

Applicants who attain exceptional entry grades may be considered for Advanced Entry to some degree programmes (commence your degree at year 2) or Faster Route (additional classes enabling you to condense a four-year Honours degree into three years). The availability of Advanced Entry or Faster Route varies by subject and reduces the flexibility that you have in selecting optional subjects. Those who are interested in Advanced Entry or Faster Route should apply for year 2 (Y2) on your UCAS application. In the event that the specific subject is unavailable or your application is unsuccessful, you will automatically be considered for year 1 entry without having to submit a separate UCAS application. The Entry Requirements section (see pages 148 to 161) highlights the degree programmes which offer Advanced Entry or Faster Route and provides indicative grades for an applicant to be considered.

Part-time study

It is possible to study the MA on a part-time basis. For more information about part-time study options: tel +44 (0)141 330 3177 or see www.glasgow.ac.uk/undergraduate/choosingyourdegree/parttime

Year of study

Year 1

On your UCAS Form – decide whether to apply for a Single or Joint Honours degree.

When you enrol as a student – choose your additional year 1 subject or subjects.

Year 2

Year 3 (Junior Honours)

Year 4

Degree structure (flexible degree programmes)

All students are normally required to study three subjects in year 1.

Students who applied for a Single Honours degree will be guaranteed enrolment in the ONE subject they entered on their UCAS form.

Students who applied for a Joint Honours degree will be guaranteed enrolment in the TWO subjects they entered on their UCAS form.

At the point of enrolment at the University (September), Single Honours students will select two additional subjects and Joint Honours students will select one additional subject from a wide range of options. It is important for you to note:

- Availability of some additional subjects may be restricted as priority will be given to those who have specifically chosen these courses through UCAS.
- Some subjects require you to have specific entrance requirements before you can enrol.
- Some degree programmes specify subjects that are compulsory in year 1.

Single Honours students in Science will continue to study TWO of the subjects you studied in year 1 – one of which will be the subject you originally applied for through UCAS.

Single Honours students in Life Sciences may continue to study TWO of the subjects you studied in year 1 – one of which will be the subject you originally applied for through UCAS, or you may choose to study only Life Sciences.

All Arts and Social Sciences students in year 2 must take at least TWO subjects at level 2 and one other subject.

Joint Honours students will continue to study TWO subjects (usually, but not necessarily, those originally applied for through UCAS) and in most cases, must choose a third subject.

Single Honours students will study only ONE subject at Honours level.

Joint Honours students will study TWO subjects at Honours level.

Single Honours students will study ONE subject only at Honours level.

Joint Honours students will study TWO subjects at Honours level.

*At Glasgow (and the other three ancient universities in Scotland), an Honours level degree in the Arts is called a Master of Arts (MA) and an Honours level degree in the Social Sciences a Master of Arts (Social Sciences). These should not be confused with the Master of Arts offered by some universities in England, which refers to a postgraduate qualification.

Charlotte, American,
studied English Literature &
Scottish Literature (on exchange)

@charlotte

One of my favourite aspects of studying at UofG is the exposure to other cultures. I've made friends from all over the world.
@UofGlasgow #UofGworldchangers

GENERAL TREASURES

VERTEBRATE EVOLUTION

HOW TO APPLY

If you're seeking full-time study you must apply through the Universities & Colleges Admissions Service (UCAS). See www.ucas.com or tel 0371 468 0468, or +44 330 3330 230 if you live outside the UK.

When do I apply?

UCAS closing dates for entry in 2017:

- 15 October 2016: if including Dentistry, Medicine, Veterinary Medicine or applying to Oxford or Cambridge
- 15 January 2017: all other UK/EU applicants
- 30 June 2017: international (non-EU) students

What are the entry requirements?

Entry requirements at a glance are featured on each programme page and in detail at the back of this prospectus. The latest information will always be available at www.glasgow.ac.uk/ug/entryrequirements

Minimum, Standard and Adjusted offers

Minimum academic entry requirements represent the lowest grades that must be achieved for an offer to be considered (providing non-academic entry requirements are also met).

Standard academic entry requirements represent the grades which will normally result in an offer being made (providing non-academic entry requirements are also met).

Adjusted academic and non-academic entry requirements are only for eligible Scottish applicants who complete one of our pre-entry programmes.

For further details on entry requirements, see page 148.

What do I need to know?

You will need to know the UCAS code for the subject or subject-combination that you wish to apply for. These are all listed in this prospectus and on our website.

UCAS tariff points

The University does not frame its offers in terms of UCAS tariff points.

How soon will I receive a decision?

We will usually respond before the end of March 2017. If your qualifications meet our requirements and we believe you could benefit from study at Glasgow, you will receive an unconditional offer.

If you haven't yet gained the necessary passes for entry to your chosen subject(s), we may look at the qualifications you are taking when you apply and make you a conditional offer.

Will I be interviewed?

An interview is part of the selection process for some degree programmes. See individual programmes for details. You may also be interviewed if you're applying for entry into year 2 in any subject.

Is deferred entry available?

In Dentistry and Veterinary Medicine we are unable to consider applications for deferred entry. In other cases deferring may be possible but it's not granted automatically.

FEES, COSTS & SCHOLARSHIPS

We believe academic excellence should be nurtured. If you want to join us as an undergraduate, you'll be pleased to know there's a wide range of financial help available to you.

Fees

How and when you pay tuition fees depends on where you're from. We provide up-to-the-minute information about our tuition fees and how to pay at www.glasgow.ac.uk/scholarships/fees

Living costs*

Everyone has different spending habits, but as a general guide, we recommend that a single student should allow approximately £12,100 per year and a married couple should allow a minimum of £18,000. For each child add £3,000 per year.

A guide to your costs

Average cost per month

Accommodation and utilities £470
Food £180
Clothes £70
Bus, underground and taxis £40
Laundry/stationery/toiletries etc £30
Telephone/internet £40
Entertainment £120
Total £950

Additional costs per year

Books £400
UK travel £300
Total £700

To find out your options and to get tips and tools that can make your money go further, see www.glasgow.ac.uk/studentfinance

What support is available?

Students from the UK (except Scotland)

Name of award: Access Bursary and/or Excellence Scholarship
Amount: Usually £1,000 per year, per scheme
Eligibility: Linked to your household income and academic achievement. For the latest information, see www.glasgow.ac.uk/scholarships/ruksupport

Students from Scotland

Name of award: Talent Scholarship
Amount: Usually £1,000 per year
Eligibility: Awarded to new first-year undergraduate students who have demonstrated excellent academic achievement and are facing hardship.

Students from outside the EU

Name of Award: Undergraduate Excellence Scholarship
Amount: Up to £5,000 tuition fee discount per year
Eligibility: Awarded on the basis of academic merit. You must be a national of a country outside the EU and have firmly accepted an offer of a full-time undergraduate study place at Glasgow.

Talented athlete support

We have a number of awards for athletes, including the Sports Bursary Programme and the Colin Montgomerie Scholarship. See www.glasgow.ac.uk/sport/support/scholarships

Second undergraduate degrees

There are some small bursaries for eligible students intending to study for a second degree. For more information, tel: +44 (0)141 330 6063 or email: fiona.dick@glasgow.ac.uk

Care leaver bursaries

We have bursaries for students who have spent time in care. See www.glasgow.ac.uk/careleavers for more information.

Carnegie Trust

If you are of Scottish birth or extraction, or have had at least two years' education at a secondary school in Scotland, and your fees are not paid from other sources, you may be eligible for support from the Carnegie Trust. See www.carnegie-trust.org

More information and options

There are many potential sources of financial support available. For the latest information, go to www.glasgow.ac.uk/scholarships

*The living costs quoted are not related to funding requirements for entry clearance. At the time of going to press, UK Visas and Immigration (UKVI) states that Tier 4 visa applicants planning to study outside London must demonstrate that they have funds to cover living costs for 9 months at £1,015/per month. For up-to-date information on entry clearance requirements, please visit: www.gov.uk/government/uploads/system/uploads/attachment_data/file/477366/T4_Migrant_Guidance_Nov_V1_0.pdf

THE SMALL PRINT

This publication is intended to help you choose your programme of study at the University of Glasgow. It does not replace the University Calendar as a statement of the University regulations.

All students will be required as a condition of registration (matriculation) to abide by, and to submit to the procedures of, the University's rules and regulations, as amended from time to time. A copy of the current regulations is available, on request, from Student Services, or the University Calendar can be viewed online at: www.glasgow.ac.uk/senate/calendar.

Every effort has been made to ensure the accuracy of the information contained within this publication but it is subject to alteration without notice. The University will use all reasonable endeavours to deliver courses in accordance with the descriptions set out in this publication. The University, however, reserves the right to make variations to the contents or methods of delivery of courses, to discontinue courses and to merge or combine courses, if such action is reasonably considered to be necessary by the University. If the University discontinues any course, it will use its reasonable endeavours to provide a suitable alternative course. In the event of industrial action or other circumstances beyond the University's control interfering with its ability to provide these courses or services, the University will undertake to minimise disruption as far as is practicable.

Published admissions requirements are subject to alteration and may differ from those listed in this prospectus.

Data Protection Act

The University collects and processes information, including images, about its students, applicants and potential applicants, for academic, administrative, management, pastoral, and health and safety reasons. Some of this information is considered as sensitive personal data in the terms of the Data Protection Act 1998. The information is provided by a student, applicant or potential applicant or on his/her behalf. It is not possible to become, or remain, a registered (matriculated) student, or to process an application without agreement to provide this information. The information is

processed in accordance with the University's Notification with the Information Commissioner under the Data Protection Act 1998, and is disclosed to third parties only with students' consent, or to meet a statutory obligation, or in accordance with the University's Notification with the Information Commissioner, or in accordance with the terms of the Act.

Equality and diversity

The University of Glasgow is committed to promoting equality in all its activities, and aims to provide a work, learning, research and teaching environment free from discrimination and where difference is positively valued. The University's equality policies and other useful sources of information are available on the website at www.glasgow.ac.uk/equalitydiversity.

Refund of private fee contributions

For the University's refund policy, please see www.glasgow.ac.uk/undergraduate/fees.

Additional fees

In common with other universities, students on certain courses at the University of Glasgow may incur additional expenditure on items such as fieldwork, specialist materials and supplementary instrumental tuition; although some assistance from University funds may be available to meet such expenditure, responsibility for payment will rest with the student. In addition, small charges may be made in some subjects for such items as course materials, photocopying and laser printing; detailed information may be obtained from the University's schools or colleges.

General Council registration fee

All first-time graduates from the University of Glasgow must, prior to graduation, pay a registration fee to become a member of the University's General Council. Payment of the fee means that your name will be entered in the Register of Graduates and you will be entitled to attend the twice-yearly statutory meetings of the Council and vote in its elections. You will also receive regular mailings from the Council which will include the University's Annual Review.

Application process

Where your application is successful you will receive an offer letter directly from the University and an offer via UCAS. The offer communicated to you from UCAS is the official, binding offer and in the event that there is any difference between any University communications and those received from UCAS, the UCAS communication prevails. The offer communications will include important information with regards to Fee Status (whether you will be required to pay tuition fees or not) – please check this carefully as you must contact us within 30 days if you disagree with the University's assessment of your Fee Status. Offers must be accepted or rejected on UCAS Track. UCAS will notify you of the due dates by which you are required to make this decision. You will be allowed 14 days after this date to cancel your decision. You must continually review UCAS Track (wwwucas.ac.uk) in order to check the status of your application, to accept or reject any offers made and check the Fee Status pertaining to any offers.

Validated institutions

The University is proud of its association and validation relationship with four independent institutions: The Glasgow School of Art; Scotland's Rural College; Edinburgh Theological Seminary and Christie's Education. If you apply for a programme at one of these institutions, you will be registered with that institution and will pursue your studies there but your final degree will be conferred by the University of Glasgow. Applications to one of the validated institutions should be made to the institution concerned and not to the University.

As a student of a validated institution you are deemed to be an 'associated student' of the University which entitles you to access certain University facilities. For further details of the facilities available to you please contact the institution concerned.
