Contacting Archaeology Staff

Staff will normally respond to emails from students within three working days. Please bear in mind that they will not usually respond in the evening or on weekends or public holidays, nor on their weekly research days (detailed below, though they can be variable). If staff are away or unavailable for more than three days, they will put an ‘Out of Office’ message on their email so you’re aware of it. Staff on study leave do no teaching or administration; see list of staff roles to find out who can help you. If your issue is clearly urgent, we will do our best to respond as quickly as possible. If in doubt, please contact the relevant administrator in the list above.
