WEBAPP3: Invoice Approval – Financial Approval

The purpose of this section is to introduce the user how to approve an Invoice which is out of tolerance from the original Purchase Order. If the Invoice Approval task is approved it will proceed to be paid by the Finance Office.

APPROVAL PROCESS

If there is a difference between the original order amount and the invoice amount that falls out of the Tolerance Levels the Invoice will need to be approved by the relevant person. A task and email will be sent out for the relevant person or people required to approve the task. These tasks will follow the same route for approval as the requisitioning process, as detailed below in the APPROVAL PROCESS Table.

Price Difference
- Invoice amount per row is less than £1,000, and the price difference is greater than 2.5%.
- Invoice amount per row is greater than £1,000, and the difference is greater than £25. (Effectively >2.5%)
- Invoice Quantity – if the quantity of goods received is greater than the ordered quantity.

New Line

If an invoice is registered, and there are transaction lines which are not detailed on the Purchase Order. . These tasks will follow the same route for approval for requisitioning, as detailed below in the APPROVAL PROCESS Table.

APPROVAL PROCESS Table
