

Year 2 SSC Menu Modules

- Clinical Research Advancing Healthcare for the future
- European Narratives of Illness: Medical & Literary Case Histories, 1783-1930
- Forensic Toxicology & Graduate Attributes
- Genetic Disease: From the Lab to the Clinic
- Genetic Technologies in Medicine
- Global, Environmental and Planetary Health Including Issues Related to Travel
- Health Inequalities and the Social Determinants of Health SSC
- Improving Public Health Awareness Through a Targeted Digital Campaign
- Introduction to Pain Management
- Introduction to Precision Medicine
- Introduction to Sustainable Healthcare & Climate Change
- Journal Club: Classic Papers in Cancer Biology
- Medical Education Podcasting
- Medical SSC Chinese (Stage 1)
- Medical SSC French (Stage 2)
- Medical SSC Spanish (Stage 1)
- Pandemic & Epidemic Disease
- Patient Perspective in Research
- Patient Safety & Adverse Events
- Reviewing Different Types of Written Assessment & Writing MCQs
- Skin Biology in Cancer and Disease
- SSC in Research Methods
- Surgical Oncology: Colorectal Cancer

Year 3 SSC Menu Modules

- A Prospective National Registry of Barretts Oesophagus Patients in Scotland
- Acute Knee Surgery and lower limb Trauma Surgery
- Acute Medicine
- Adult Critical care
- An Introduction to Vascular Surgery and Outcome Based Research
- Anaesthesia
- Anaesthesia and Management of the Unconscious Patient
- Anaesthesia- Experiencing the Perioperative Journey
- Basics of Critical Care Medicine
- Breast Cancer- The Patient Journey, GP one?
- Child Neurology
- Cleft Care
- Climate Change and Health: Reducing the Environmental Impact of Primary Care

- Clinical Dermatology
- Clinical Pharmacology and Therapeutics
- Clinical Research: Advancing healthcare for the future
- Critical Care Medicine
- Diagnostic and Interventional Radiology
- Diversity in Medical Education: Academic Enrichment Programme for Widening Participation Students
- Dynamic Diabetes – Early Intervention and Technology
- Effect of COVID on Thyroid Disease in Children
- Epidemic & Pandemic Disease, Causes, Characteristics, Effects, Diagnosis & Prevention
- Growth & Skeletal Development in Childhood Chronic Conditions/Endocrine Disorders
- Head and Neck Oncology
- Inherited Cardiac Conditions
- Innovations in Sexual Health
- Interventional Cardiology
- Introduction to Clinical Dermatology
- Introduction to Clinical Orthopaedic Surgery
- Introduction to Integrative Medicine
- Introduction to Liaison Psychiatry
- Introduction to Psychiatry.
- Limb Reconstructive Surgery / Peripheral Nerve Surgery
- Lung Cancer: Patients' Journeys from Referral to Treatment
- Modern Lower Limb Arthroplasty
- Morbidity and Mortality amongst Patients with Chronic Liver Disease
- Neonatal Medicine
- Nephrology and Transplantation
- Neuroscience and Nootropics from an Ethical Perspective
- Neurosurgery Research Project
- Neurotology and Vestibular Disorders: Keeping the Balance
- Obstetric Anaesthesia
- Oncology with Clinical Trials
- Oncoplastic Breast Surgery
- Ophthalmology
- Overview of Respiratory Medicine and Pleural Diseases
- Paediatric Anaesthesia and Pain Control
- Paediatric Endocrinology
- Paediatric Infectious Diseases and Immunology
- Palliative Medicine
- Perinatal Mental Health

- Physiological Adaptations to Rock Climbing
- Practical Medical Law
- Problem Asthma: Determinants and Management
- Project-based SSC in Infection
- Quality Improvement in the Emergency Department
- Renal Cancer Surgery
- Renal Medicine
- Renal Transplant and Renal failure surgery
- Respiratory Medicine
- SSC Genetics Technologies in Disease Prevention
- SSC in Rare Conditions
- Surgical Oncology: Sarcoma, Complex Pelvic and Neuroendocrine Tumours.
- Sustainability in Surgery
- The Diagnosis and Treatment of liver Disease - (clinical and QI)
- The Hearing Impaired Child
- The Highs and Lows of Metabolic Disorders
- Upper GI Surgery
- Upper GI Surgery
- Vaping Teenagers Swoping Fags for Fumes, are we Sleep Walking into another Public Health Disaster?
- Vascular Surgery
- What does a Neurologist do in a DGH?

Year 3 SSC Self-Proposed Modules

- A Clinical Introduction to Paediatric Cardiothoracic Surgery
- A Clinical Overview of Parkinson's Disease
- A Systematic Review of the Evidence Supporting Endovenous Treatment in the Management of Patients with Venous Ulcer
- Adult Congenital Heart Disease (ACHD) in Scotland
- An insight into Obstetrics and Gynaecology
- An Introduction to Pathology and Post Mortem Examinations
- An Introduction to Primary Care
- An Overview in Gastroenterology
- Anaesthesia, Perioperative and Intensive Care Medicine
- Analysis of Skin Carcinogenesis in Transgenic Mice
- Assessing Alcohol Use Disorder in an Acute Medical Setting
- Assessment and Management of Head and Neck Cancer
- Cardiology
- Clinical Anatomy through Prosection Preparation

- Clinical and Academic Anaesthesia
- Clinical Aspects of Parkinson's Management
- Clinical Research and Audit in Genetics
- Common Cardiovascular Conditions.
- Craniopharyngioma: A Life Story
- Dermatology Elective
- Development of a Protocol for Day Case ORIF of ZMC & Orbital Fractures
- Ensemble Machine Learning for Osteoporosis Detection
- Fundamentals and Applications of Interventional Radiology
- General / Internal medicine
- General Overview of Paediatric Critical Care Medicine
- Haematological Malignancy- the Patient Perspective
- Internal Medicine
- Internal Medicine in Kuwait
- Introduction to Child and Adolescent Psychiatry in Germany
- Introduction to General Internal Medicine
- Introduction to Interventional Radiology
- Introduction to Neonatal Medicine
- Introduction to Neurosurgery
- Investigating Drug Use and Related Deaths in Scotland -Forensic Medicine
- Journey of Major trauma
- Multiple Sclerosis (MS): diagnosis, pathophysiology and management
- Paediatric Emergency Medicine
- Paediatric Emergency Medicine – Clinical experience SSC.
- Paediatric Endocrinology
- Paediatric ENT Surgery
- Patient Education in Neurosurgery
- Perceptions of Health and Medicine
- Philosophical and Physical Impacts of Beauty: a Critical Exploration of Neuroaesthetics and Health
- Prevalence and Patient Demographics of Decompensation in Patients with T1DM in North Lanarkshire
- Quality Assurance in Medical Education – How are Standards Maintained?
- Quality of Life and Symptom Burden: Incremental vs Standard Haemodialysis
- Sepsis in Neonates
- SSC in Paediatric Emergency Medicine (PEM) at RHCG.
- Standard Anatomical Measurement of the Optic Chiasm in Different Age Groups
- Surgical Audit & Peer Review
- The Intersection of Obstetrics, Affluence and Race
- The Use of Artificial Intelligence in Cardiovascular Imaging

Year 4 SSC Menu Modules

- A Stroke Journey - from A&E to Rehab
- Academic Research General Practice
- Acute Knee Surgery and Lower Limb Trauma Surgery
- Acute Medicine
- Adolescent Health, COVID-19
- Alcohol-related Liver Disease and Alcohol Use Disorder in Acute Medicine
- An Introduction to Urology
- An introduction to Vascular Surgery and Outcome Based Research
- Anaesthesia and Perioperative Medicine
- Anaesthesia, Peri-operative Care and Audit
- Anaesthetics
- Barretts Oesophagus- Screening and Forming a National Registry
- Cardiac Implantable Electronic Devices: Technological Advances in Cardiology
- Child Development and Development of E-learning resource for students
- Clinical Endocrinology and Diabetes: Learn what an Endocrinologist does
- Clinical Haematology
- Clinical Obstetrics & Gynaecology
- Critical Care
- Deep end practice, COVID-19
- Dermatology
- Design in Healthcare
- Dynamic Diabetes – Early Intervention and Technology
- Epidemic & Pandemic Disease, Causes, Characteristics, Effects, Diagnosis & Prevention
- General Overview of Paediatric Intensive Care Medicine
- GP Research SSC-Modern Mindlines
- Growth, Puberty, Skeletal Development in Healthy Children & Chronic Conditions
- Haematology Malignancy a Student and Patient's Perspective
- Head & Neck Oncology
- Head and Neck Cancer
- Health Impacts and Climate Crisis: Learning from Glasgow's Living Lab
- Hearing Impaired Child
- Image-Guided Medicine: Appropriate Use of Medical Imaging
- Infectious Diseases
- Inflammatory Bowel Disease – Medical & Surgical Management in the 21st Century
- Inherited Cardiac Conditions
- Innovations in Sexual Health
- Introduction to Hospital Dermatology

- Introduction to Robotic Prostatectomy
- Introduction to Surgical Management of Bladder Cancer
- Introduction to Sustainable Healthcare and Climate change
- Liaison Psychiatry: Interface between Physical and Mental Health
- Modern Day Care of Paediatric Inflammatory Bowel Disease
- Modern Lower Limb Arthroplasty
- Neonatal Medicine
- Nephrology and Transplantation
- Neuroscience and Nootropics from an Ethical Perspective
- Neurosurgery Research Project
- Neurotology and Vestibular Disorders
- Obstetric Anaesthesia
- Obstetrics and Gynaecology
- Obstetrics and Gynaecology with Specific Exposure to Tertiary and Complex Urogynaecology including Mesh Complication Services
- Ophthalmology
- Orthopaedic Research and Audit
- Paediatric Anaesthesia and Pain Control
- Paediatric Cardiology
- Paediatric Haematology and Oncology
- Paediatric Infectious Diseases and Immunology
- Palliative Care
- Pelvic Oncological Surgery
- Perioperative Medicine- Anaesthetics
- Problem Asthma: Determinants and Management.
- Professionalism in Social Media use
- Project-based SSC in Infection
- Qualitative Review and Academic Research General Practice
- Quality Improvement and Data Collection in Sarcomas
- Quality Improvement in the Emergency Department
- Renal Cancer Surgery
- Renal Medicine
- Renal Transplantation and Vascular Access
- Respiratory Medicine
- Simulation and Safety
- SSC Genetics Technologies in Disease Prevention
- SSC in Rare Conditions
- Sustainability in Surgery
- The Hidden Depths of Old Age Psychiatry
- The Highs and Lows of Metabolic Disorders
- Upper GI Surgery

- Vascular Neurosurgery - Natural history study meningiomas
- Vascular Surgery

Year 4 SSC Self-Proposed Modules

- A Clinical Case Study in Obstetrics and Gynaecology
- An Audit of DNACPR Standards of Documentation in an Inpatient Setting
- An insight to General Surgery
- An Introduction to Anaesthesia and Associated Sub-Specialties
- An introduction to Paediatric Anaesthesia
- Anaesthetics: Airway Management and Perioperative Care
- Cardiology
- Cardiothoracic Anaesthesia and Intensive Care
- Centre Experience of Posterior Fossa Decompression for Posterior Fossa Stroke – A Data Analysis Project
- Clinical Dermatology and Quality Improvement Project
- Clinical Experience of Acute Oncology and Malignancy of Unknown Origin
- Clinical Orthopaedic Surgery
- Clinical Trials, Oncology and Cancer Care
- Critical Care and Anaesthetics
- Does Severe Mental Illness Predispose to Unhealthy Obesity?
- Economic, Social & Clinical factors associated with Polypharmacy & Drug Compliance
- Effect of Empagliflozin on Epicardial Fat in the SUGAR-DM-HF Randomised Placebo-controlled Clinical Trial
- Emergency Medicine
- General Medicine and Endocrine
- General Practice and Audit
- General Surgery
- Hospital at Home
- Infectious diseases in Oman; clinical experience
- Insight into clinical Endocrinology and Diabetes
- Internal Medicine Elective
- Introduction the Anaesthetics, in the Settings of a Tertiary Teaching Hospital.
- Introduction to Clinical and Public Health Aspects of Interventional
- Introduction to Dermatology with Interest in GP Referrals, GP ONE
- Introduction to Diagnostic Radiology and Interventional Radiology
- Introduction to Ophthalmology
- Introduction to Plastic and Reconstructive Surgery
- Introduction to Plastic Surgery
- Introduction to Research in Radiology

- Introduction to Trauma Medicine and Orthopaedic Surgery
- Introduction to Vascular Surgery
- Knee Orthopaedics
- Major Trauma and Reconstruction
- Modifiable Cardiovascular Risk Factors in Transgender Adolescents
- Multiplex Protein Analysis of Pancreatic Cancer
- Neurology
- Neurosurgery Audit Project
- Obstetric Anaesthesia
- Obstetrics and Gynaecology
- Overview of Respiratory Medicine and Pleural Diseases
- Orthopaedic Surgery
- Orthopaedic Surgery Relating to the Management of Hip Trauma
- Oxygen Utilisation in Idiopathic Pulmonary Arterial Hypertension
- Paediatric and Neonate Intensive Care
- Paediatric Emergency Medicine
- Paediatric Endocrinology
- Paediatric Neurology: Audit of a multidisciplinary genetic epilepsy clinic
- POCUS use in the Emergency Department
- Primary Care Difference in South Korea and UK – GI focused
- Primary Care in Rural Honduras
- Prison Healthcare
- Provision of Medical Care for Military Personnel both at Home and Deployed
- Reconstruction and Trauma in Orthopaedic Surgery
- Research in ENT surgery
- Research in Neurosurgery
- Sex and Gender Equity in Medicine and Medical Research
- Sports & Exercise Medicine in Practice
- SSC in Cardiology
- SSC in Ear, Nose and Throat Surgery
- SSC in Interventional Cardiology
- SSC in Ophthalmology
- Supporting People Experiencing Homelessness in Primary Care
- Surgical Management of Colorectal Cancer, Focusing on Advanced Stage & Peritoneal Metastasis
- The Effects of the Major Trauma Network on the Pattern of Triage of Mountain Rescue Casualties in Scotland
- The Role of Anaesthetics in Head and Neck Oncology
- Trauma and Emergency Medicine: from Admission to Treatment
- Upper Limb Orthopaedics
- Urogynaecology
- Vascular Surgery – Mesenteric Ischaemia

- Velopharyngeal Dysfunction
- Vertebral Artery Variation in the Scottish Population
- Why is Climate Change Impacting Referrals to EM Globally, & How can this be Targeted? GP one maybe
