

Terms and Conditions

RoI Access Bursary Awards

These are available to new entrant full-time undergraduate students of the University of Glasgow who are fully registered for Session 2023/24 as being domiciled in the Republic of Ireland and paying annual tuition fees of £9,250 per annum. To assess your eligibility, you must be in receipt of the Student Universal Support Ireland (SUSI), Maintenance Grant.

Applicants registered for the Nursing programme, Product Design Engineering programme or Postgraduate applicants are not eligible.

Please do not send in any supporting documentation unless specifically requested to do so by External Relations. If supporting documentation is requested, it is vital that you respond to this request within a 2-week period. If you do not respond to e-mails or submit documentation, you will not receive the RoI Access Bursary for that year.

Any RoI bursary appeals for 2023/24 for both new and continuing students, will be assessed up to end of December 2023. Any requests made after this date cannot be considered.

Students undertaking a 2nd undergraduate degree are not eligible for the bursary.

Registration

All new entrants must ensure that the registration process on MyCampus is fully completed (both academically and financially). New entrants must, therefore, register on their academic programme by the given start date. These awards may not be deferred to the following academic year.

The RoI Access Bursary is awarded for a set period of study as stated in the e-mail award communication from External Relations. These cannot be extended. The RoI Bursary is awarded each year subject to satisfactory academic progression. These awards will be renewable annually and processed automatically by the Scholarships Team. Annual award eligibility will be re-assessed year-on-year and may be reviewed in exceptional circumstances: students must notify the Scholarships Team should they wish to apply to have their award reassessed and provide all necessary documentation within 2 weeks of request and by the appeal deadline of end of December 2023.

RoI Excellence Scholarship Awards

These are available to new entrant full-time undergraduate students of the University of Glasgow who are fully registered for Session 2023/24 as being domiciled in England, Wales and Northern Ireland and paying annual tuition fees of £9,250 per annum.

Please do not send in any supporting documentation unless specifically requested to do so by the Scholarships Team. If supporting documentation is requested, it is vital that you respond to this request within a 2 week period. If you do not respond to e-mails or submit documentation, you will not receive the RoI Excellence Scholarship for that year.

Data Protection

The information that will be collated and processed by the University of Glasgow will be accessed by authorised persons of the University only.

The information collated will be retained by the University for the duration of your degree and used for the purposes of (a) assessing your eligibility for the scholarships/bursaries and (b) for financial reporting purposes and will be destroyed once these purposes are met.

By allowing the University to collate this information, or by sharing this information personally with the University, you consent to the storing and processing of this information for the stated purpose(s). The information is processed by the University in accordance with the provisions of the Data Protection Act 2018.
