How to Withdraw from your Studies

A simple guide explaining how you can withdraw is available on page 2.

Withdrawal is the formal process for leaving your programme of study and the University.

Before deciding that withdrawal is the best action for you, please discuss your decision with your Adviser of Studies/Supervisor. Where possible, they will try and give you the advice and support you need to help you stay and carry on with your studies.

For more information about withdrawal please visit the registry withdrawal page here:
