Booking UK Rail Online

Selective are delighted to announce that, after extensive in-house development and client collaboration, we now have released new functionality with our Online Booking Tool.

Selective

Booking rail could not be simpler.

You will now have the functionality to book Flights, Hotels and UK Rail within this one customised platform for your Organisation.

With a few clicks, you can get clear train options to suit your requirements, with various ticketing options including the new split ticketing functionality.

For any assistance in booking via our new rail platform, please review the Rail section of our Online User Guide, or watch a short tutorial video, both of which can be accessed from the User Guides section within your HUB.

We hope you enjoy using this new functionality and we welcome any comments through the Feedback Tile on the HUB. Should you have any queries please reach out to us via the Contact Details within your HUB.
