What does this table show?

All degree options that are part of the MA Social Sciences programme.

What does it not show? Important caveat:

Does not include joint degrees (including those involving social science subjects) that are part of other degree programmes, such as the MA, BSc, LLB and AccFin.

This table is subject to change and some joint degree programmes may not be available for transfer or enrolment. This may be because of timetable clashes, capacity constraints or progression and other degree requirements. Don't assume - always check with your Adviser of Studies.
