

## **2026-2027 Year 3 Systems Block – GP Clinical Attachment Commencing January 2027**

From January 2026 all Year 3 students rotate through four 5-week blocks (Systems, Medicine, Surgery and their Student Selected Component), with each block being delivered 4 times for the whole cohort.

The Year 3 Systems block is designed to consolidate learning across systems of care and a greater understanding of the patient journey through these systems. The Year 3 GP teaching team are delighted to be able to build on the existing community-based curriculum and experiences by delivering several GP teaching components within this new Systems Block which includes a Clinical GP Placement Attachment and Virtual GP Small Group Tutorial teaching. Additionally, throughout each block students will undertake GP Out-of-Hours session, Communication skills workshops and also work through an innovative university-led learning to support their understanding of the broader context of General Practice.

**We are therefore recruiting tutors to support the delivery of Clinical GP Attachment for the Systems blocks, as follows:**

**GP Clinical Placement Attachment (1 day per week, per 5 week block – Total 5 days):**

Students are allocated to a general practice placement in groups of 2, 3 or 4.

Students will attend the practice one day each week (either a Tuesday or a Thursday) during the 5-week block. A total of 5 days.

The teaching days in practice are Tuesdays or Thursdays (1 day per week).

The focus of this clinical attachment is on clinical experience and consultations. This will include teaching surgeries, with GPs and other members of the primary care team; student-led surgeries. Students and their GP Placement supervisor will undertake 2 Mini-CEX assessments and discuss patient feedback from supervised consultations. An End of Block Assessment Ticket will also be completed by Clinical Placement GP Supervisor.

#### **GP Clinical Placement Attachment Teaching Dates:**

Systems Block GP Clinical Placement Attachments	Block 1 w/c	Block 2 w/c	Block 3 w/c	Block 4 w/c
Practice days 1	18/01/2027	22/02/2027	05/04/2027	10/05/2027
Practice day 2	25/01/2027	01/03/2027	12/04/2027	17/05/2027
Practice day 3	01/02/2027	08/03/2027	19/04/2027	24/05/2027
Practice day 4	08/02/2027	15/03/2027	26/04/2027	31/05/2027
Practice day 5	15/02/2027	22/03/2027	03/05/2027	07/06/2027

**Payment:** The GP Clinical Placement Attachment remuneration is £170 per day per student for 5 days (5 days across 5-week block = total £850 per student) and is paid gross by the health board e.g., remuneration per 5-week block for 2 students = £1,700, 3 students = £2,550 or 4 students = £3,400 per block.

Practices can also submit availability for 1 or more of the Blocks above and/ or could also host different students on Tuesdays and Thursdays in their practice.

**Who can and how to apply:**
