

University
of Glasgow

Take the Library with you –
the Library for Mobile

www.glasgow.ac.uk/library/mobile

How to save / pin Library mobile website icon to your home screen

Go to URL – click on the download icon and click on **Add to Home Screen** tab

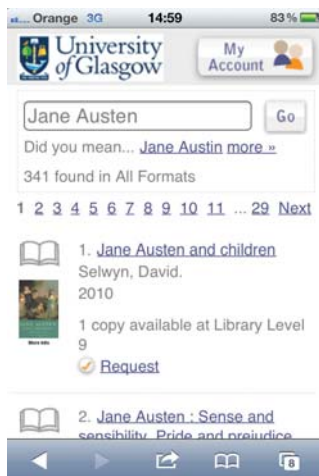

Go to URL – long press in an empty space on screen to the **Add to Home Screen** menu; select Shortcuts; select Bookmark and choose your bookmark.

Go to URL - touch settings (indicated by 3 dots in bottom right hand side of browser).
Choose pin to start

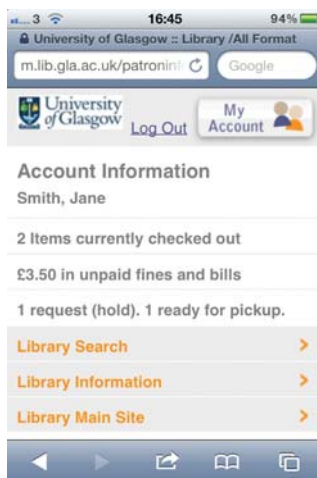

Mobile QuickSearch

The easiest way to find library items on the move is to use Mobile QuickSearch which is optimised for searching on a smartphone

Library Account

Sign into your Library Account to see what items you have checked out and when they are due for return. You can also renew items on loan and check fines

Mobile Help

Short videos providing specific help on services designed for mobile users. Check out our full range of videos on our YouTube site: www.youtube.com/uofg

What else can I do?

eResources

list of our most mobile friendly e-resources

Accessing University Services on Campus?

Before you can connect to our services from your mobile device on campus, you'll need to configure your device to work with the University wireless network. We recommend using Eduroam. Setup details are available at: www.glasgow.ac.uk/services/it/mobile
