Welcome to Registration

Login to your Student Homepage. You will be taken straight to the Registration section.

The Welcome to Registration page provides an overview of the registration process and advises what documents you may require. Click on the information icons to view more detailed instructions.

The table at the bottom of the page shows your progress for both Academic and Financial Registration. In this table, click the ‘Academic Registration’ button.

You will be taken to step 1 of registration. A navigation menu is to the left of the page, where you will see all the registration steps listed.

The number of steps to complete is dependent on the type of student you are, so you are unlikely to see all of the 14 steps illustrated in this guide.

Upon completion of each step, click on the Confirm button to save. Continue to the next step by clicking ‘Next’ at the top of the page or by using the navigation menu on the left.
**Step 1: My Academics**

This page asks you to confirm the course details that you are about to register on to. These details should match what is on your offer letter. If they don’t match then please get in touch with your Advisor of Studies, by clicking on the ‘My Adviser of Studies’ button. If you do not have an Adviser listed, please contact the Student Services Enquiry Team who will be able to advise you further.

Click on the toggle switch to agree that your course details are correct.

Click ‘Confirm’ to save. Continue to the next step by clicking ‘Next’ at the top of the page or by clicking step 2.
Step 2: Demographic Information

This page asks you to confirm your personal details. You can select your Ethnicity and Country of Permanent Residence. To update personal details such as your name, date of birth or gender you must submit a personal information update request. Please click the ‘Update Personal Information’ button for more information and a link to the request form.

Your country of citizenship is your nationality - the country that issues your passport.
Your country of permanent residence is where you live - it is the country where your home address is.

Click ‘Confirm’ to save. Continue to the next step by clicking ‘Next’ at the top of the page or by clicking step 3.
Step 3: Addresses

You can use this page to add or edit your address details. You can also choose to opt-in to the Glasgow City Council Tax Exemption at this point. Please see our separate Council Tax Guide for more information about this.

The University requires that you provide both a Home and a Term address, even if these are the same.

Click ‘Confirm’ to save. Continue to the next step by clicking ‘Next’ at the top of the page or by clicking step 4 in the left menu.
Step 4: Phone Numbers

This screen will ask you to confirm your phone numbers and to set a preferred number.

When adding or editing a number, please include any required international dialing codes. Please note that as well as entering the number you should specify the type (e.g. home, mobile) and also select whether the number is your preferred contact number.

The University strongly recommends that you supply all relevant telephone numbers, as that allows us to maintain the most effective contact with you and also communicate with you or your family in the event of any emergency.

A mobile number is particularly useful as it allows SMS (text) messages to be sent.

Click ‘Confirm’ to save. Continue to the next step by clicking ‘Next’ at the top of the page or by clicking step 5.

Step 5: Email Address

Your university email address will be displayed here. Please note that once you are a fully registered student no official communications will be sent to your personal email address. You should use your student email address for correspondence with the University.

Your personal email address will be used:

1. In the event of an emergency
2. For national surveys such as the NSS in your final year of studies and the Graduate Outcomes after graduation. The University has a requirement to collect your contact details for these surveys on behalf of HESA.
3. It may be used in addition to your university email address, for internal surveys run annually by the University. This includes the Welcome Survey for new students, Student Life and the Post Graduate Taught Experience survey.

Click ‘Confirm’ to save. Continue to the next step by clicking ‘Next’ at the top of the page or by clicking step 6.
Step 6: Disability

This screen is used to confirm and record any disabilities that would have been included in your application to the University. It contains information about contacting the Disability Service should it be required.

The 'Confirm' button will remain greyed out until you have either selected 'No known impairment, health condition or learning difference' or until you have selected one of the other options.

Click ‘Confirm’ to save. Continue to the next step by clicking ‘Next’ at the top of the page or by clicking step 7.
Step 7: Emergency Contacts

Students must provide an emergency contact who can be contacted in the event of an accident or emergency.

When entering your emergency contact information, you must specify the relationship of the contact to you – typical values will be parent, spouse, sibling etc. Please select the appropriate relationship type from the drop-down list.

You can enter more than one emergency contact but will be required to select a 'Preferred Contact'.

Please note that for students under 18 the emergency contact must be a parent or legal guardian.

Click ‘Confirm’ to save. Continue to the next step by clicking ‘Next’ at the top of the page or by clicking step 8.

---

Step 8: Statistical Information

This screen is used to gather information for the Higher Education Statistics Agency (HESA) to assist with statistical analysis for government departments including funding councils. Students can choose to withhold information if desired. Questions may vary slightly to those illustrated below as these are dependent on the type of student you are.

Click ‘Confirm’ to save. Continue to the next step by clicking ‘Next’ at the top of the page or by clicking step 9.

There is no such requirement for students in their second year of study or beyond. However, the University of Glasgow offers additional support to all students who are care-experienced, and this is why we are asking all UK students to answer this question. For more information, please see the information bubble.
