## Periodic Subject Review: Self Evaluation Report School/Subject

### Guidance notes on the preparation of the Self Evaluation Report

Periodic Subject Review (PSR) is the University's Institution-led subject review required by the Scottish Funding Council. The Self Evaluation Report (SER) is central to the PSR process. The SER should demonstrate the School/Subject's approach to enhancement and provide a sense of the student learning experience. It provides an opportunity for greater reflection on areas relevant to the School/Subject's current situation and an opportunity to reflect on strategy for future development. The SER will set the agenda for the Review visit itself.

The SER template<sup>1</sup> is **indicative of topics for inclusion** but is not exhaustive and other areas can be included, if the School/Subject considers them relevant. The SER should approximately be no longer than 35 pages in length<sup>2</sup>. This can be augmented by supporting data, if required.
