

- General Notes**
1. All works will be subject to retrospective building warrant application, including all Structural and M & E Designs details.
  2. All access doors to service ducts or external elevation doors will be accessible to landlord at all times. no locked doors or furniture will prevent maintenance being carried out by landlord or other contractors.
  3. Existing smoke / fire barriers within ceiling void will be retained in existing locations. Any openings made in these due to works to M & E services will be made good to ensure barrier integrity is maintained. Barriers shown on M & E drawings
  4. Red line = Solid plasterboard partiton, from raised floor to suspended ceiling. No partitons extend into void spaces. Solid partiton to have 50mm insulation within wall cavity.
  5. Blue line = Single glazed framelss partiton system with sliding glass doors. Between raised floor and suspended ceiling. No partiton to extend into voids
  6. Green dotted line = line of top hung moving wall partitons, including relocation of existing to front of Comms room. Works will involve secondary steel in ceiling void. Full structural details to be issued to landlord for comment prior to works.
  7. detail layouts for all kitchenettes, and shower area to be issued to team and landlord for comment / approval once final design is confirmed
