

PRIMARY CARE TRANSFORMATION : LEARNING FROM THE DEEP END AND ABROAD

A study day hosted jointly by General Practitioners at the Deep End

and the Scottish School of Primary Care

with Professor Sanjeev Sridharan, Director,

The Evaluation Centre for Complex Health Interventions, University of Toronto

09.30 – 16.30

Thursday 18th August 2016

Victory Christian Centre, next to Govan Health Centre

This study day will involve equal amounts of time for presentation and discussion of studies of primary care development in the Govan SHIP Project, and other Deep End Projects.

It is an open meeting, with no registration fee, and will be of interest to primary care researchers, general practitioners and other primary care professionals, policy advisers and NHS managers. Please register at [\[link\]](#), so we can organise catering
