SPS Postgraduate Research Student Web Consent Form

The Data Protection Act 1998 requires us to seek consent from research students before publishing their personal information online (unless this information is required to be published by the University as part of normal University business).

If you give your consent via this form, your full name, subject area, research topic and supervisors will be taken from your MyCampus record and published on the relevant 'Our Students' pages of the School of Social & Political Sciences website.

The same information will also be included in an automatically-generated PGR profile page, which will be hosted for you within the School website. You are welcome to add further content to your profile page, such as your research interests, PhD abstract, information on your teaching, publications etc., and a photo. For more details on how to do this visit: www.gla.ac.uk/socialpolitical/studentinfo/profilepages.

By signing this form you give permission for the information listed above and any further content you add to your profile to be used as described, and reused elsewhere on the University website as appropriate, for example by your supervisors on their staff profile pages.

If, at any point, you wish for any of your personal information to be removed from the University website, please contact the School's Principal Web Publisher (PWP) in the first instance. Find the PWP's contact details here: www.gla.ac.uk/staff/webpublishing/registerfort4/pwp. The Web Team can respond to emergency cases in the PWP's absence: webteam@glasgow.ac.uk.
