

A DAY IN THE LIFE OF A DEEP END GP

Petra Sambale, Keppoch Medical Practice,
Possilpark Health and Care Centre, Glasgow

GPs do GP work

We need the best GPs

If you hear: it will only affect
practices by one or two
patients per year/month.....

GP IN THE
DEEP END

A series of white lines of varying lengths and orientations, including a prominent diagonal line, are located in the bottom right corner of the slide.

Amount of scripts
