

Directions to the CVR – Sir Michael Stoker Building

How to find us

MRC-University of Glasgow Centre for Virus Research

Sir Michael Stoker Building
Garscube Campus
464 Bearsden Road
Glasgow G61 1QH
Scotland (UK)

Telephone: +44 (0)141 330 4017

The postcode for the main university entrance is **G61 1AF**

Directions and Parking

Onsite parking will be available and reserved directly outside of the entrance to the Sir Michael Stoker Building. If traveling by taxi or minibus, the driver will be able to bring you directly to the reception of the building.

Campus Directions

If you are travelling by car and following sat nav, please enter the postcode **G61 1AF**, which will take you to the main university entrance on Switchback Road. Then follow these directions to find us within the Garscube Campus:

1. From Switchback Road, turn into the main entrance (accessible from both directions) at the traffic lights and drive up to the barriers where you will be given access. Let security know that you are attending an event at the Sir Michael Stoker Building.

2. After coming through the barriers, take a right at the junction, signposted Weipers Equine Centre and Veterinary School. Then follow along the road until you come to a mini-roundabout.

3. At the mini-roundabout take the right exit, signposted Weipers Equine Centre and Veterinary School.

4. Follow this road and continue straight ahead until you reach a junction with a large sign. You will see Sir Michael Stoker Building at the top of the sign.

5. As signposted, follow this road along and you will see the Sir Michael Stoker Building ahead (it's a gold coloured building). Drive on towards the building and our carpark is on the left hand side, directly in front of the building.
