

Regulation and translational medicine workshop

- **Tuesday 21st August 2018**
- 12.00pm – 5.00pm (Lunch will be provided)
- Imaging Centre of Excellence, Level 2, Queen Elizabeth University Hospital, 1345 Govan Road, Glasgow, G51 4TF.
- To book, please email Ruth McLaughlin at Ruth.McLaughlin@glasgow.ac.uk

Course Summary

For research co-ordinators and academics in the University of Glasgow College of Medical, Veterinary and Life Sciences.

The workshop will provide you with:

- An overview of the regulatory landscape when research involves people as participants, their tissues or data
- An understanding of where you are currently, and what you need to start thinking about now in terms of compliance when research involves people as participants, their tissues or data
- Sources of help and support.
