

Date / time	Room	Guest
13/05/2019 3pm	Cardio Seminar Room 222, BHF building	External seminar: Jeanette University of Edinburgh Chris Ponting is also joining for discussions
10/06/2019 3pm	Cardio Seminar Room 222, BHF building	2 Internal seminars, please come forward!
28/08/2019 12pm	TBC	John Maroni - EBI, Hinxton

The Glasgow scRNA-Seq Seminar Series

The Glasgow scRNA-Seq Seminar Series is a new seminar series that brings together biologists, bioinformaticians, immunologist and mathematicians (and all other interested -sists and icans).

It is a monthly meeting, aiming the second Monday of the month, if possible. We will iterate between internal and external talks. This is an opportunity to learn about scRNA-Seq, but also to present work to obtain feedback. External speakers are available for 1-1 chats if wished. Please contact <mailto:Kristina.Kirschner@glasgow.ac.uk> or <mailto:thomasdan.otto@glasgow.ac.uk>
