**Exemplar Leadership Team-based Objectives**

- Contribute to the delivery of wider School/RI/Service KPIs through active participation in the Leadership Team and co-ownership of key School/RI/Directorate-wide initiatives.

- Achieve a staff engagement index of 85% (65% 2018, 75% 2020 and 85% 2022) individually by functional area and collectively for the University overall.

- Improve employee engagement by x% as measured through the biennial staff survey by implementing School/RI/Service commitments and actions agreed with staff to ensure that the University continues to be a great place to work.

- Create a School/ RI/Service learning and development plan for the management team and the overall School/RI/Service which captures costs, resources, development method and connections to the university strategy.

- Collectively promote engagement; commitment; respect and dignity for all staff regardless of status, creating a climate of trust, encouraging collaborative effort within teams and promoting alignment with the University’s strategic goals.

- Performance objectives and development plans to be agreed for all College/School/RI/Service staff by 30 June 2020 with evidence of poor or mediocre performance being actively managed.

- Support all staff in School/RI/Service to improve and maintain their health and wellbeing aligned to University policies.

- Ensure all staff in College/School/RI/Service engage in a robust review of performance annually and complete all statutory and mandatory training required for their specific role within the agreed timeframe.

- Exceed X% PDR completion target for team ensuring that staff are clear on expectations and are supported to perform their duties and responsibilities, including agreeing the appropriate and relevant personal development.
