Disability Service Consent Form

Please read this form carefully before completing and returning to the Disability Service at the University of Glasgow. You must also read the associated Disability Service Privacy Statement which is linked to this document. The Privacy Statement gives you full details of what information we require from you, why we need it and how we use it. It also explains your rights around this.

To complete your registration with the Disability Service you must:
- Carefully read the Disability Service Privacy Statement and complete this consent form, acknowledging your understanding of and giving consent for us to process your information. Failure to provide consent will prevent the Disability Service engaging with you.
- Complete the Disability Service Registration Form which also details what evidence we require from you.
- Provide us with evidence of your diagnosis/disability as outlined in the Disability Service registration form.
- Return the three items above (1. Disability Service consent form 2. Disability Service Registration form 3. Evidence) to the Disability Service either to disability@glasgow.ac.uk or to our office at 65 Southpark Avenue, Glasgow, G12 8LE

We will be unable to register you with the service and offer you an appointment if you do not follow the steps above and/or you do not give consent for us to process your data.

Please note any delays in providing all of the above may result in subsequent delays in getting support in place during peak periods.

Where we have relied upon your consent to process your data, you also have the right to withdraw your consent at any time.

☐ I consent to the Disability Service processing my personal data for the purposes detailed above and as set out in the Disability Service Privacy Statement.

I have read and understand how my personal data will be used.
