GUSA BALL

The organisation and execution of the 2022 GUSA Ball will be a huge job this year. If possible, I would like to look into the possibility of securing a larger venue so that even more GUSA members can attend. As well as a bigger venue, I want to get a better sound system for the ball so that the attendees can hear the speeches and awards given out more easily than in previous years. Another thing I would like to work with the council on is introducing more awards e.g. most charitable club, award for services to your club and GUSA etc. Since GUSA Ball 2021 sadly cannot happen this year due to Covid, I hope that next year's ball will be bigger and better than ever.

SUSTAINABILITY

As we are in the midst of a climate crisis, sustainability is something that should be at the top of everyone's agenda. I want to work with all the clubs and other student bodies to promote sustainability and environmental awareness, whether that be through competitions, education or actively going out and making a difference. I would like to see the sustainability challenge take place again and hopefully get more clubs involved.

CROSS-CAMPUS RELATIONSHIPS

If I was elected, I would like to continue to strengthen cross-campus relations with the GUU, SRC and QMU through events and campaigning collaborations. It would be great to promote challenges like the sustainability challenge across the other unions and co-host different events throughout the year.

GUSA TV

This is a project I started as publicity convenor and one which I believe has great potential. Even though we only managed to get one episode out this year, we've laid the groundwork so that the next publicity convenor, in collaboration with GUST, can carry on the project and make it even more popular. I'd love to oversee this project and aid the incoming publicity convenor with it so that GUSA TV can become a regular monthly instalment.

EXEC ROLE

I will support the incoming President and Secretary with various jobs and duties throughout the year. Alongside this I will be part of a 3v1 council working group, helping the convenors and assisting them with their personal projects.
