Hello my name is **Samuel Horsch** and I am a 4th year Maths and Physics student. I am running for the position of Finance Convenor because I love being part of GUSA and want to help everyone make the most out of their experience. In my time as a treasure of the boxing club I was very grateful for the support of the Finance Convenor so I want to make sure next year's treasures will feel the same way. I am very approachable and will always be happy to answer any queries a club may have.

Since I know how the clubs finances are managed I have the necessary experience needed for the position of the finance convenor.

My Experiences include:

- Treasurer of the Boxing Club
- Treasurer of the Entrepreneur Society
- Class rep of Physics
- Alumni Convenor of the Muay Thai Club
- Organising the GUSAxSRC Sustainability Challenge
- Part of the GUSA events team

In this role I will:

- be the key person of **contact for all treasures** and I will answer all their questions.
- focus on the communication between clubs and in particular their treasures, thus I will organise a **"treasurer social"**. I will also build on the work from our last finance convenor Julia and use the treasure Facebook group to give the treasures the opportunity to help each other.
- Introduce an **office hour** for treasures. This will be a zoom call, where anyone can just pop by and ask questions. I will offer this at least once per semester.
- manage the **Chancellors found**, a found which gives out money to clubs for once in a life time experiences. Here I want to bring in **sustainability** as a selection criterion.
- together with the publicity convenor **promote funding** opportunities like the Chancellors fund to make sure more clubs can benefit from them. This also includes funding for individual students, which compete on a professional level.
- allocate funding for clubs in the beginning of the academic year.
