Please note that, under our Regulations, an oral examination is obligatory on first submission of an MD thesis.

In the case of resubmitted and re-examined theses only (please tick as appropriate):

1. I recommend that an oral examination be held.

2. I recommend that an oral examination not be held.

(In the latter case the Convener of the Examining Committee will contact you to arrange completion and signing of the Examiners' Joint Report, which would otherwise be done after the oral examination)
