

School of Chemistry
School of Computing Science
School of Geographical & Earth Sciences
School of Mathematics & Statistics
School of Physics & Astronomy
School of Psychology

Induction is a crucial initial step to welcoming and introducing you to University life so that you can get your studies off to a good start. We clearly cannot tell you everything about how to be a successful student, but in these sessions, we aim to equip you with whatever is necessary for the first few weeks, and to let you know how and where to get questions answered. Staff and students from your subject area will be on hand to talk about their experiences and answer your immediate questions and concerns. We find that this is the best way to prepare for your new academic life.

Please come to the session listed below that is closest to the subject of your degree programme. If you are on a joint honours degree programme, come to the session for the first subject in the title (for example, come to the first session if you are taking Mathematics and Physics). Each session will be broadly similar in its structure and content.

TUESDAY, 14 SEPTEMBER 2021		
TOPIC:	TIME:	ZOOM:
Computing Science and Mathematics & Statistics	0930 - 1100	https://uofglasgow.zoom.us/j/95676871903?pwd=eWZzbmpuaXdTUHMxVUhzamtVVEcvZz09
Geographical & Earth Sciences and Psychology	1300 - 1430	https://uofglasgow.zoom.us/j/91057408324?pwd=YlhuMHJRN3kzel dlbUFOS3h5VVcwdz09
Chemistry and Physics & Astronomy	1500 - 1630	https://uofglasgow.zoom.us/j/94245507660?pwd=djZrWGRXTIVmZXZlVGV5TY1pkMXI4QT09
Each session will include: <ul style="list-style-type: none"> ▪ Formal welcome from the College of Science and Engineering ▪ Interactive session to share any concerns – academic or social – you may have as a new student ▪ Feedback and advice from a panel of senior Undergraduate students in the School
