Induction guidance and notes

Your academic induction timetable has been designed to welcome you to the Adam Smith Business School and to prepare you to start your journey with us.

Before you begin induction, take the time to familiarise yourself with [moodle](#), the virtual learning environment (VLE) we use at Glasgow. Moodle is where you will participate in online learning activities and complete asynchronous learning. It will be a core part of your learning journey at the Adam Smith Business School and part of your induction will be delivered on our induction moodle site.

You can review this guide <https://sway.office.com/z8WYOdeDD5Ag9EG9?ref=Link>

Your induction will take place online, both synchronously (real time, live) and asynchronously (completed at a time that suits), those of you who are in Glasgow can also participate in on campus events from the University listed below.

University welcome events

To compliment your academic induction, the University will run a range of events during [Welcome Week](#) and [International Student orientation](#). This will include social events both online and on campus.

You should prioritise the 'introduction to your programme' over attendance at these events.
