

Duncan Henderson

SRC Assessor

Duncan sits on Court as the Assessor of the Students' Representative Council. He has been an SRC Council Member since October 2019, first elected as a School Representative and subsequently re-elected as College of Social Sciences Undergraduate Convenor in March 2020 and March 2021.

Born in the Lake District and raised in Perth, Duncan is currently in his final year of an MA (Hons) Politics degree. His academic interests centre on British and American politics, political institutions, and elections and electoral systems. Reflecting these interests, his dissertation analyses the role of tactical voting in the 2016 Scottish Parliament election.

Beyond his degree, Duncan is involved in a range of extracurricular activities. He was a Freshers' Helper in 2019, 2020, 2021 and he trains new Class Representatives on behalf of the SRC. Duncan also serves on the Dialectic Society's Board of Management and is an experienced speaker in the Glasgow University Union's Parliamentary Debates.

Duncan feels he has benefited greatly from his academic and extracurricular experiences at the University of Glasgow. He is therefore very grateful to his peers on the SRC Council for electing him to Court.
