

Wellcome Trust Biomedical Vacation Scholarship 2022

Page 1: Wellcome Trust Biomedical Vacation Scholarship Application 2022

Through funding from the Wellcome Trust, the University of Glasgow will be offering Biomedical Vacation Scholarships for undergraduate students over the summer of 2022. This new scheme provides an exciting opportunity for students to experience cutting-edge research at Glasgow, acquire specific scientific skills, and consider future career paths beyond their first degree.

Good students who have identified a summer project/activity connected to their studies may apply for funding by this route, provided they are not already in receipt of another scholarship supporting the same work.

Your description of the project should include where it will take place, with whom, a brief summary of the project, and your estimate of how the experience will benefit you.

Please read the eligibility criteria carefully before applying.

Please note that if your application is accepted, you must complete and return a Scientific abstract within one month of the end of your placement.

APPLICATION DEADLINE: Applications to be submitted on or before Monday 4th April 2022.
