Dated: 04 February 2021

RESEARCH AND DIAGNOSTIC SAMPLES, TRADE SAMPLES AND DISPLAY ITEMS FROM OTHER EU MEMBER STATES, NORWAY, LIECHTENSTEIN, ICELAND AND SWITZERLAND

Consignments of research and diagnostic samples, trade samples or display items as defined in the Animal By-products (ABP) legislation (see annex below) not intended for human consumption, coming into Scotland from a Member State of the European Union or Norway, Liechtenstein, Iceland and Switzerland do not need an import licence or authorisation. However, the products must be produced, processed, transported, handled, labelled, stored, used and disposed of in accordance with the relevant requirements of:

- Regulation (EC) No 1069/2009¹ of the European Parliament and of the Council of 21 October 2009 laying down health rules as regards animal by-products and derived products not intended for human consumption and repealing Regulation (EC) No 1774/2002 (as amended) http://eur-lex.europa.eu/RECH_naturel.do ; and
- Regulation (EU) No 142/2011² implementing Regulation (EC) No 1069/2009 of the European Parliament and of the Council laying down health rules as regards animal by-products and derived products not intended for human consumption and implementing Council Directive 97/78/EC as regards certain samples and items exempt from veterinary checks at the border under that Directive (as amended) http://eur-lex.europa.eu/RECH_naturel.do

There are restrictions and prohibitions on the carriage of certain products and substances by post, guidance for which is available from the following sites:

Department of Transport: <http://www.dft.gov.uk/pgr/freight/dgt1/>

Post Office: <http://www.postoffice.co.uk/letters-parcels/mailing-guide/restricted-and-prohibited-goods>

- Restricted or Prohibited goods:

www.royalmail.com/prohibitedgoods or www.royalmail.com/restrictedgoods

1 OJ No L 300, 14.11.2009, p. 1.

2 OJ No L54, 26.2.2011, p. 1.

Please note this letter only covers the products referred to in the annex below. If you wish to import live animals or animal pathogens, you will need to contact;

Live animals or Animal Pathogens : imports@apha.gov.uk / 03000 200 301

You may wish to include a copy of this letter with any consignments of this material you bring in from EU countries in case you experience any problems on entry.

Annex

The following definitions are in Annex 1 or regulation (EU) No 142/2011:

- **'research and diagnostic samples'** – as defined in Regulation (EU) No 142/2011 are animal by-products and derived products intended for the following purposes: examination in the context of diagnostic activities or analysis for the promotion of progress in science and technology, in the context of educational or research activities.
- **'trade samples'** – means animal by-products or derived products intended for particular studies or analyses with a view to carrying out a production process or developing feeding stuffs or other derived products, including testing of machinery, for use in an establishment or plant which is:
 - producing feeding stuffs, or products for uses other than food or feed; or
 - processing animal by-products or derived products;
- **'display item'** means animal by-products or derived products intended for exhibitions or artistic activities;
