Histology Research Service

Prices are exclusive of VAT. Charity No SC004401

HISTOLOGY PROCESSING	Per Slide/Block
Processing to Paraffin Block and Produce Haematoxylin & Eosin Stained Slide	£9.00
Processing to Paraffin Block	£5.00
Processing to Paraffin Block and Unstained Slide	£7.00
Processing to Paraffin Block and Special Stain (Standard / Complex)	£14.00 / 17.50
Prepare Unstained Slide	£3.50
Prepare Slide and Stain with Haematoxylin & Eosin	£5.00
Prepare Slide and Stain with Standard Special Stain	£9.50
Prepare Slide and Stain with Complex Special Stain	£13.50
Paraffin Scroll for Polymerase Chain Reaction	£4.00

Depending on tissue type and size we may be able to produce blocks with multiple tissues embedded, whilst also multiple sections can also be mounted onto one slide dependent on size.

Please contact the lab with any specific questions.

IMMUNOHISTOCHEMISTRY (IHC)	Per Antibody
Prepare Slide and Stain with Antibody provided by VDS	£17.50
Prepare Slide and Stain with Antibody supplied to us	£15.00
Prepare Unstained Slide for IHC / IF (Antigen Retrieval can be performed in our lab)	£3.50
New Antibody Optimisation	£150.00

We offer a specialised immunohistochemistry service for research including optimisation of custom antibodies. We are continually updating our range of antibodies. Please contact us to discuss your specific requirements.

DIGITAL WHOLE SLIDE SCANNING	Per Slide
Whole Slide Scanning at x20 Magnification	£2.00
Whole Slide Scanning at x40 Magnification	£3.00
Whole Slide Scanning at x80 Magnification	£5.00

We offer a whole slide scanning service at a magnification to suit your needs.

We use a MoticEasyScan Infinity for slide scanning, producing a SVS file type which is compatible with Aperio ImageScope, (Windows compatible only) & QuPath for Mac users to view and annotate slides.

Scanned slide files can be sent via our University File Transfer System, One Drive or copied onto a client-provided External HDD.
