Welcome

Hello and welcome to Glasgow!

The halls of residence you are moving into are owned by the University of Glasgow. While the University is your landlord and looks after your rent and welfare, the day-to-day management of the residences is handled by Sanctuary Students. At Sanctuary, we want you to get settled into your new home quickly and easily and hope that your time living with us is as enjoyable as possible.

This booklet contains everything you'll need to know about life at Kelvinhaugh Residences. You will find answers to many of our most frequently asked questions including what to do on arrival day, how to report repairs, communal living advice, personal safety information and, most importantly, how to keep your new home clean and tidy!

If you have any questions or concerns about the residence during your stay, please do not hesitate to contact the on-site staff team. You can call them on Freephone ext: 7000 from the phone in your bedroom, email KHR@sanctuary-students.com or visit the site's reception.
On your Arrival - On-line Inventory

When you arrive at your accommodation you will collect your keys from reception. Along with your keys, you will be given a welcome pack that includes maps, your new mailing address and some other useful information to help get you started.

Shortly after you check in to your room, you will receive an email to your student account with a link to access the on-line inventory. You have 48 hours from the date of this email to complete the inventory. If you have not completed your inventory within this time then it will be accepted automatically on your behalf.

The inventory is a list of all the items that should be present in your room and in your shared common areas. Please take the time to complete this as it is your opportunity to make a note of any damaged or missing items.

If you don't complete your inventory and there are damages or items missing when you leave, you may be liable for the cost of repair or replacement.

Whilst we try to ensure that everything is in good working order, things do break down from time to time. Should you come across any maintenance issues on your arrival please do not list them on your inventory as these can take a few weeks to be processed. Instead you can call reception on 7000 for free from your room phone, email KHR@sanctuary-students.com or log it online on the UofG Living website at:

http://www.gla.ac.uk/services/accommodation/maintenancereporting/

You're more than welcome to pop into reception to report any issues or ask any questions.

Razors, condoms and sanitary items should be wrapped and placed in the bin, please do not flush any items other than toilet paper down the toilet.

Should you require a sharps bin for medical purposes, visit the local pharmacy and who will more than happy to supply you with one. Please note that you may need to provide them with your prescription before this is handed over to you. For information on where to find your local pharmacy, please contact reception who will be happy to help.

Emergency repairs can be reported to reception 24 hours a day by calling 7000 from your room phone.

Access to Flats and Bedrooms

Our staff and contractors are issued keys to be able to access your flats, however we expect them to ring the doorbell or knock before entering. We also expect them to clearly announce themselves before entering. Please ask for a contractors ID badge if you are unsure why they are in your flat. If you still have concerns, call reception on 7000.

Moving rooms

Should you wish to move rooms, please contact Accommodation services at the Fraser building for further information. Administration charges will apply.

Moving out

You will need to hand your keys back to us before 10am on the last day of your Occupancy Agreement. We will send out further information at least four weeks before this date, or you can refer to www.gla.ac.uk/services/accommodation/studentmovingoutguides/ for the latest information. If you want to leave the accommodation before the date on your agreement, please contact Accommodation Services who will provide you with the necessary documents. You will need to keep paying the rent unless or until your room can be re-allocated.

Paying your rent

Please contact Accommodation Services to discuss any issues with paying your rent.

Damages

Please note that any damages caused by misuse will be charged to the students responsible. Damages to communal areas will be split between you and your flatmates (or all students living in a floor or block where appropriate) unless the person responsible comes forward. Please ask for indicative prices. You won’t be charged for damages resulting from wear and tear.

Visitors and guests

Guests can stay in your room for up to three nights in a row, with one guest to a room per night. Please ensure your flatmates are aware of when you are having guests, and that they are happy for you to do so. Please give us at least 24 hours’ notice if you are having a guest to stay overnight. You will need to complete an Overnight Guest form at reception when they arrive in order to comply with fire safety regulations.

Complaints

We do our best to provide an outstanding service but we recognise that things can sometimes go wrong. Please contact reception and we will try to reach a solution. If this doesn’t work we have a formal complaints procedure that you will be able to follow.

Under Data Protection law we are unable to discuss details of your accommodation, Occupancy Agreement or complaints with anyone except for you, the police, immigration and other legitimate authorities.

Equality and diversity

We promote equality, diversity and human rights through our Fairness for All policy. Please contact us to request a copy.
Communal Living and Pastoral Care

If you follow these simple codes of conduct you are sure to avoid any source of tension with your flatmates. This will also make your time living with Sanctuary Students as smooth and enjoyable as it can be.

**Respect**

Treat others as you would like to be treated. Be respectful of each other’s differences and lifestyles and talk about any problems openly. Be considerate of each other’s living space and let your flatmates know if you are having guests over.

If you are still having problems, please contact us.

**Noise**

You can prevent disturbing fellow residents by avoiding the following:

- Letting doors slam when entering or leaving the buildings or flats
- Being overly boisterous in areas such as kitchens, corridors and car parks
- Playing your music at high volume especially during quiet hours (11pm – 8am)

Remember – the common areas in the Central Services Building are available to book for special events and forms can be found at reception.

Go out, have fun, but remember – noise can be extremely irritating for someone trying to sleep or study.

**Food**

Food theft can have a damaging effect on relationships within your flat. Agree between yourselves if you will have any communal food items, ask permission before you borrow anything and check with your flatmates before you throw their food away. Avoid buying large quantities of food in one go to make sure everyone has enough storage space.

**Looking after yourself**

Register with a doctor (GP) as soon as possible. Visit [http://www.gla.ac.uk/myglasgow/students/wellbeing/supportservices/](http://www.gla.ac.uk/myglasgow/students/wellbeing/supportservices/) for details of local practices. For minor illnesses, you can visit a pharmacist. If you need a hospital, please ask at reception. Our team are on hand to provide signposting and advice on topics including mobility needs, homesickness, not getting on with flatmates and financial worries. If we can’t help, we’ll know who can.

**Emergencies and first aid**

Phone 999 immediately in a medical emergency and provide the full postal address. There is a trained first aider on site at all times.

**Information for students with disabilities**

Please come and talk to us about your needs and requirements, for example if you require a personal evacuation plan.

**Care for the environment**

To help save energy there are many tips to follow. Try switching off lights and using low temperatures on the washing machine, remembering to turn taps off when not using them to stop water running, these can all make a difference in being environmentally friendly, so please try and make a conscious effort.

**Culture shock**

Leaving home can be very stressful, but lots of people will feel the same so you can talk to them about how they feel. Try to meet new people on your course or in your flat and find out about different social activities by visiting the Fresher’s Fair or the Student Union website. Keep in contact with people you are familiar with, have familiar things around you and talk to us or look in to University support services if you are struggling.

The UKCISA website has more information on this subject.

**Support and advice services**

Find out about your Student Union support services or visit [www.nightline.ac.uk](http://www.nightline.ac.uk) for confidential advice and support.

If you have concerns about drugs or alcohol, visit [www.talktofrank.com](http://www.talktofrank.com) and do not assume you (or your friends) know all the facts.

The Samaritans ([www.samaritans.org](http://www.samaritans.org)) have a phone helpline if something is troubling you and you need someone to talk to.
Personal Conduct

We want to make sure that all of our residents live in pleasant, safe and secure surroundings.

Check out your occupancy agreement; you will find some terms and conditions in there which should help to ensure all of our residents enjoy their time here. Please be respectful when interacting with fellow residents and staff.

If your behavior is deemed unacceptable you may jeopardize your occupancy agreement.

Behaviour that breaches your Occupancy Agreement includes (but is not limited to):

- Illegal drug use
- Drinking alcohol in public areas of the accommodation without permission
- Entering the roof or parapet areas
- Smoking on site
- Threatening or abusive behaviour

Cleaning

**Kelvinhaugh Street** – no cleaning service is provided. All residents are responsible for the cleanliness of their own room. All students in the flat are responsible for the cleaning of the other areas i.e. living room, kitchen, hallway, shower room and WC. Some cleaning equipment is provided for this purpose. Replacement vacuum bags are available from the office.

**Kelvinhaugh Gate** – a light cleaning service is provided for communal areas of the flat, but residents are responsible for maintaining the flat and their rooms and bathrooms to a reasonable standard. Some cleaning equipment is provided for this purpose.

At both sites, cleaning staff are responsible for the stairwells and laundry room.

When you arrive, one bin liner and one roll of toilet paper are provided but please provide your own after this. You are responsible for keeping your flat clean and tidy. Please make sure you take responsibility for your own washing up and put things away!

Your bedroom, bathroom facilities and kitchen will be inspected once a term. We will give a minimum of 24 hours' notice unless concerns have been raised about your flat. If there is an unacceptable level of cleanliness we will instruct agency cleaners to clean your flat and you and your flat mates will be responsible for covering these costs.

We recommend drawing up a cleaning rota early on so everyone understands their responsibility and your flat remains a pleasant and hygienic place to be! A vacuum cleaner, dustpan and brush and mop and bucket can be found in your flat. Please remember to replace the vacuum bag once full – replacements are available at reception.

**Tips on keeping your kitchen clean**

- Cover food before microwaving and wipe down the inside and outside regularly
- Use aluminium foil in the oven to catch grease, cook food in a tray or dish and clean the bottom of the oven and grill pan regularly

- Wipe your worktop after use and clean with hot soapy water each week
- Don’t leave rubbish lying around, empty your bin regularly and use a bin bag
