Label

Adding a text break, image to a section.

Use

Can be used to break up resources and activities, add additional information/instructions or images to the front page of your course.

Set up

Adding a Label

1. Go to front page of your course, click the **Gear icon** and **Turn editing on.**
2. Go to the topic that you want to add content and click the **Add an activity or resource l**ink located at the right hand of the topic.
3. Choose **Label** from the pop up list.
4. Add text, images, links or multimedia to the **Label text** input box.
5. Click **Save and return to course** at the foot of the page.
