What is the structure of my College of Arts degree?

Honours degrees in the College of Arts offer you wonderful flexibility in being able to study several subjects before specialising in either one or two of them at Honours level. An Honours degree takes four years to complete; if your degree involves a modern language at Honours level, you will spend an additional year abroad immersed in that language.

Years 1 and 2: take two courses from each of three chosen subjects, one in each semester.
Years 3 and 4: choose one or two subjects you studied at level 2 to specialise in.

Year abroad for language students
What should my first-year curriculum consist of?

(a) three subjects;
(b) 120 credits (courses of 20 credits and/or of 40 credits);
(c) my academic Plan (for instance, History MA or Classics / English Literature MA or Theatre Studies / FTV) must be reflected in my first-year curriculum;
(d) no clash in my subjects either in year 1 or in Year 2 (we in the Arts Advising Team will be happy to confirm this);

→ Remember the important MyCampus terminology: Program (for example, MA 2000 or MA 2034) and Plan (for instance, English Language or Philosophy/Politics).
What are the subjects offered to me in the College of Arts?

IMPORTANT: F&TV Studies must have been applied for through UCAS. If you wish to take Music level 1, you must have the appropriate qualifications.
Can I take any subjects from other Colleges (Social Sciences / Science & Engineering)?

- Yes. Enrol by ‘My Requirements’.
- IMPORTANT: But you need to remember the 120-credit Arts regulation! 120/240 credits over Years 1 and 2 combined must come from courses taught within the College of Arts.
Psychology, Geography, and Maths

These are Science subjects which do not contribute to the 120 Arts credits over years 1 and 2 which you must complete. You may take them as courses in year 1.

However, if you do so, it is essential that your other 80 credits in year 1 are Arts subjects, because, if you decide to continue with one of the above subjects, level 2 is worth 60 credits and you would be in danger of not fulfilling your 120 Arts credits requirement without taking extra credits in Year 2.
What could my individual subjects be?

- enrol by “My Requirements” in MyCampus to get a full list of what courses are available not only in the College of Arts but also in the College of Social Sciences and the College of Science & Engineering.

- are there any compulsory co-requisites that I need to have either in Year 1 or in Year 2 for my Honours academic plan?
What if want to change one or two of my courses?

- add/drop period in MyCampus: 2 weeks from the start of the semester;
- before the start of semester 2; but limited choice of subjects available;
- early-exit route: relevant to 40-credit courses;
- **always** report to the Arts Advising Team your wish to change courses in MyCampus.
What if I miss classes, seminars or examinations?

Absence Policy: if I am absent from scheduled classes or from an examination, I need to submit an Absence Report Form through MyCampus;

- If you miss an examination or an assessment deadline during an examination diet, or if you believe that your assessment performance has been affected by adverse circumstances, you should obtain the necessary evidence (from your GP) and submit a Good Cause Claim within 7 days of the affected assessment, and this must be done via MyCampus.
Whom do I contact for help?

The Arts Advising Team is always available and will direct you to an appropriate University Service. You may also go directly to see them.
