Undergraduate scholarship recipients can apply for preparatory course exemption if they completed their secondary education in Chinese or have a valid HSK certificate that meets the requirements of the host university. Official documents from secondary schools or a photocopy of a valid HSK certificate must be submitted for a preparatory course exemption application. Please NOTE that HSK results are valid for only 2 years.

Entrusted by MOE, the following 10 universities offer preparatory courses to undergraduate scholarship recipients. They are

- Shandong University,
- Central China Normal University,
- Tongji University,

- Northeast Normal University,
- Beijing International Studies University,
Capital Normal University,
the University of International Business and Economics.

2. **Graduate and non-degree scholarship students** can register for either the Chinese-taught program or the English-taught program if applicable. Program Search (By visiting http://www.csc.edu.cn/laihua or http://www.campuschina.org) can help you find the program and university you're interested in.

Scholarship recipients of Chinese-taught programs without adequate Chinese proficiency must take Chinese language courses for one to two academic years to reach the language requirements of their host universities before moving on to their major studies. Failure to reach the required language proficiency will lead to the automatic termination of scholarship. Chinese language courses will be one year for majors in Science, Engineering, Agriculture, West Medicine, Economics, Management, Legal Studies and Fine Arts, and be no more than two years for majors in Literature, History, Philosophy and Chinese Medicine. Scholarship recipients of the English-taught programs or those with adequate Chinese language proficiency do not need to take Chinese language courses.
