

3rd Annual Meeting of the European VIRUS BIOINFORMATICS Center

28-29 March 2019
Glasgow, UK

We are happy to announce the keynote speakers for the 3rd EVBC Meeting in Glasgow:

Martha Clokie
Dept of Genetics and
Genome Biology
Univ of Leicester

**Stefanie
Deinhardt-Emmer**
Inst of Medical
Microbiology
Univ Hospital Jena

Bas E. Dutilh
Theoretical Biology &
Bioinformatics
Utrecht Univ

Samantha Lycett
The Roslin Institute
Univ of Edinburgh

Peter Simmonds
Nuffield Dept of Medicine
Univ of Oxford

Volker Thiel
Inst of Virology and
Immunology
Univ of Bern

Contributed talks

We invite contributed talks in the areas systems virology, virus/phage-host interactions, the virome, infectious disease, virus evolution, epidemiology and phylodynamics, and all areas of virus bioinformatics. EVBC is a network of both virologists and bioinformaticians, and we welcome both experimental and computer-based researchers.

Preliminary schedule

Thursday, March 28th

Morning session: *Systems Virology* | Afternoon session: *Virus-host interactions in the microbiome* | EVBC business meeting | Poster session

start: 9.30am

end: 6.00pm

Friday, March 29th

Morning session: *Virus evolution & co-evolution* | Afternoon session: *Epidemiology & surveillance* | Final discussion

start: 9.30am

end: 5.00pm

Registration and Deadlines

- Registration is **free of charge** ➤
- The submission deadline for abstract and oral presentations is **February 08, 2019**.
- **To apply for a PhD Travel Award** ➤, please send your abstract for an oral presentation to EVBC.

Accommodation

To help you find accommodation, we (in cooperation with TCH) can reserve rooms in local hotels. Please use the [online booking tool](#) ➤ to reserve a room.

Special Issue in Viruses

Associated with the meeting we are running a special issue on [Virus Bioinformatics](#) in the journal *Viruses*. The deadline for submission of full papers has been **extended to March 01, 2019**.
